Hi Mike,

I just wanted to give you a heads up that our influent flow meter went out of adjustment and we are getting it back into adjustment, but I wanted to keep you informed as we will be making some notes on the DMR for the days that we know were incorrect. Please let me know if you would like me to follow up with you once its confirmed back into adjustment, otherwise we will just make sure it is notated on the DMR.

Thank you,

Mitch Jaspers

Hi Mike,

I am reaching out to let you know that as of Friday 7/18/25 we have confirmed that our influent flow meter is back into adjustment and producing accurate readings again. We have made notes on our DMR sheet notating the days that it was out of adjustment.

Thank you,
