Budget Officer Huff presented the highlights in the MURA budget message noting we are deliberating a budget that contains expenditures to construct capital improvements. We began the design phase of these projects over one year ago and have completed Heintz Street Extension. The bid process for North and South Molalla Avenue is complete and construction will be underway by April 2016 with a completion date sometime in November 2016. Each of these projects offers a component of the original purpose of the MURA including:

- Carry out public improvements, pursue acquisitions, and provide incentives to attract economic and redevelopment in Molalla.
- Encourage creation and expansion of enterprises which will provide goods and services the community needs.
- Provide more family wage jobs in Molalla.
- Increase property values in Molalla.
- Enhance overall community appearance and livability.
- Help diversify the city's economic base.
- Help implement the city's comprehensive plan, downtown master plan, and enhance recreational opportunities in the community

AD Huff noted that at budget time the contractor for N/S Molalla Avenue Project had not submitted a project calendar, caviat request to have the Agency Board review the beginning fund balance and capital improvement line items before adoption.

Finance Director Penni presented the budget by appropriation. Noted the line item for business loans will be removed from the FY 16/17 budget. The debt repayment schedule is for the life of the URA but does have an early repayment option at year ten if the Agency so chooses.

Citizen Member Jorgensen inquired about possibility of extention of the Agency, answer was possible dependent of future policy changes. Member Rogge inquired about the bond only covering Heintz St and N/S Molalla Avenue, answer was yes. Member Griswold inquired about tax increment financing and the stability for the revenue source, answer was yes. Estimation was conservative and agency is still projecting meeting the 10 year bond payoff date.

Budget Chair Klein opened the meeting for discussion, none.

Member Rogge made a motion to approve the MURA budget with a review of beginning fund balance and capital project status before adoption, Member Thompson seconded. Motion carried (14-0) Member Rogge, Aye; Member Thompson, Aye, Member Pottle, Aye; Member Griswold, Aye; Member Clark, Aye; Member Riggs, Aye; Member Childress, Aye; Budget Chair Klein, Aye; Citizen Member Jacob, Aye; Budget Vice-Chair Boreth, Aye; Citizen Member Brown, Aye; Citizen Member Jorgensen, Aye; Citizen Member Cramer, Aye; Budget Secretary Herrington, Aye.

# RE: Public Hearing, Administrative Recommendations, Deliberations, and Adoption of FY 2016/2017 budget with changes by resolution.

On Wednesday April 27, 2016, the Molalla Urban Renewal Agency Budget Committee approved the proposed budget and advised staff to review potential adjustments in the beginning fund balances and capital improvement progress at month end close of May 2016 and present those adjustments to City Council on June 8, 2016.

Suggested changes to the approved budget to be incorporated into the adopted budget are:

- 1. Beginning Fund Balance Analysis. If the beginning fund balance presents at month end May 2015 to be higher or lower than projected. An adjusted estimation will be presented with corresponding adjustments in the requirements section.
- 2. Capital Project Analysis. At the time of the budget process capital projects were underway with an unknown as to how much might be completed by June 30. Review of project status and current payments with adjustments as needed.

These changes are to be deliberated at the appropriation level as presented in the budget adoption resolution in the packet. The line item detail was provided at the work session as informational only, it is not public hearing data. The adjustments above are fully reflected in Resolution 2016-03.
