My family and I have been living in Molalla for a year now and have noticed an abnormal amount of loose dogs around town. Just in this summer, I have driven past two loose dogs with no owner in sight. Yesterday I was on a walk with my two-year-old son and two large dogs were running around with a leash and again with no owner in sight. They began barking and running toward us until I started screaming and finally the owner started calling them. Needless to say, I do not feel safe walking around town with my son, which is unfortunate because we love walking! I am wondering if there's anything that can be done about this.
