If this is not an acceptable format for submission of a letter please put me on the citizen speaking list and send details for dialing in to the meeting. Thank you!

Letter to the city council to be read into the public record regarding the city water conservation plan

- 1. The \$500 fee that can be instituted for violations of the water rule is too much and it is arbitrary . A \$25 fee would be more reasonable.**
2. To allow staff to put this rule in place without council review is in my opinion abdication your responsibility. Our elected council should decide when that goes into effect with consultation with city staff. This is a sensitive issue and that is exactly why council should make decisions to implement or change a water conservation status in the city.
3. Watering times of before 7 am and after 9 pm are unreasonable. No one wants to get up at 6 am to water their lawn, and watering at night promotes mildew and disease.
Watering times before 11 and after 6 pm every other day would be much better.

Thank you for your consideration of this letter, and for your service.

DeLise Palumbo.
