READER'S GUIDE TO BUDGET DOCUMENT

This document provides citizens with a comprehensive overview of the City of Molalla's budget, the budget process, City services and operations, and the resources that fund them. This document first outlines the process, policies, goals, and issues involved in developing the budget. It then discusses the financial structure of the City with an overview of the City's various funds, including where the money comes from and how it is spent. Details about the budget, forecasted revenue and appropriated expenditures follow, along with an in-depth look at the City's departments and programs. You will see many connecting links to documents and services within the document this year. Look for the **Go,HERE!** This document is divided into the following sections:

Introduction

The purpose of this section is to provide the reader with general information about the City's history, demographics, and economy. The City's vision, mission, goals and strategic initiatives, organizational structure, and a message from the City Manager are also included.

Budget Overview

Information in this section gives the reader an understanding about the services the City provides to our citizens and the costs incurred in the provision of those services. It includes the sources of funding, including long-term debt financing that support the City's capital needs. This section also contains summaries of the budget process, the budget, a fund structure matrix, a description of major fund types and a discussion of revenue and expenditures and how they are forecasted.

Long-Range Plan & Capital Budget

The section presents a Five-Year Road map for the operations and finances of the City.

This section provides detail on the Capital Budget and the 5-Year Capital Improvement Plan (CIP) that was adopted by resolution.

Revenue Overview

This overview provides information on the City's major revenues that are received primarily from outside sources.

Budget Detail

This section includes summaries of the overall budget by fund, sources of revenue, types of expenditures and costs by department, along with the authorized staffing levels by department. For comparison, two years of historical results and the prior year amended budget are presented alongside the budget. There is also a fund balance summary for each fund. Following each fund summary is information at the department level, including explanations of significant budget variances, prior year accomplishments, goals for the current year, authorized positions and significant changes within the department or division.

Appendix This section contains a copy of the signed budget ordinance, demographic information, and a glossary.

*Distinguished
Budget Presentation
Award*

PRESENTED TO

**City of Molalla
Oregon**

For the Fiscal Year Beginning

July 01, 2022

Christopher P. Morill

Executive Director

Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to **City of Molalla, Oregon**, for its Annual Budget for the fiscal year beginning **July 01, 2022**. We anticipate our fifth award to be presented in the upcoming year. To receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide, and as a communications device.

**The Government Finance Officers Association
of the United States and Canada**

presents this

CERTIFICATE OF RECOGNITION FOR BUDGET PREPARATION

to

**Finance Department
City of Molalla, Oregon**

The Certificate of Recognition for Budget Preparation is presented by the Government Finance Officers Association to those individuals who have been instrumental in their government unit achieving a Distinguished Budget Presentation Award. The Distinguished Budget Presentation Award, which is the highest award in governmental budgeting, is presented to those government units whose budgets are judged to adhere to program standards.

Executive Director

Christopher P. Morill

Date: **September 16, 2022**

(Chicago, Illinois)--Government Finance Officers Association is pleased to announce that **City of Molalla, Oregon**, has received GFOA's Distinguished Budget Presentation Award for its budget.

The award represents a significant achievement by the entity. It reflects the commitment of the governing body and staff to meeting the highest principles of governmental budgeting. In order to receive the budget award, the entity had to satisfy nationally recognized guidelines for effective budget presentation. These guidelines are designed to assess how well an entity's budget serves as:

- a policy document
- a financial plan
- an operations guide
- a communications device

Budget documents must be rated "proficient" in all four categories, and in the fourteen mandatory criteria within those categories, to receive the award.

When a Distinguished Budget Presentation Award is granted to an entity, a Certificate of Recognition for Budget Presentation is also presented to the individual(s) or department designated as being primarily responsible for having achieved the award. This has been presented to **Finance Department**.

There are over 1,700 participants in the Budget Awards Program. The most recent Budget Award recipients, along with their corresponding budget documents, are posted quarterly on GFOA's website. Award recipients have pioneered efforts to improve the quality of budgeting and provide an excellent example for other governments throughout North America.

Honorable Mayor Scott Keyser
City Councilors
Budget Committee Members
Citizens of the City of Molalla

RE: 2023-2024 Budget Transmittal Message

Each year the City of Molalla produces and adopts an annual Budget. Each year the City of Molalla receives an audit. Each year the Budget is balanced and prepared according to Oregon Budget Law. Each year we are faced with new and more intense regulatory requirements. Each year we talk with you all about what we all have accomplished and what our expectations are for next year. And finally, each year we are pleased to present a proposed Budget to you all.

Molalla’s overall budget has grown once again, and this is due to large projects that are planned. One is the new Wastewater Treatment Plant, and the second project is a new Police Facility. The inclusion of each of these projects has increased the overall Budget from \$55 million to \$85 million. This budget is vastly different from the \$15 million overall Budget of years past.

As I stated earlier, Molalla is consistently faced with regulatory change. Part of that change is due to Molalla’s consistent population growth (currently 10,298). The balance of the change is due to new rules and mandates handed out by our State Legislative body. Rules and mandates consume staff time and cost the City scarce resources. Part of what we do as a Staff is figure out how to focus on service provision, Council Goals, and accomplishing more for this community.

The 2020 Vision and Action Plan uses words such as *resilience*, *welcoming*, *economically sound* as descriptors of who and what Molalla hopes to maintain and become. This Visioning Plan continues to guide our progress and keeps the word *livability* in the forefront of our work. Livability can take on a different meaning for different individuals, depending on their opinion of Molalla being a place worth residing or operating a business in. We contemplate these issues daily.

Within the 2022 – 2023 Budget message I placed a list of nine important projects and concepts that we expected to make progress on during the Fiscal Year. Before I go into the 2023 – 2024 Budget discussion I wanted to give the Committee an update on each of those items:

1. **New Police Facility Progression** – Demolition of the old bowling alley is under way and a schematic design of the new facility is complete.
2. **Chief Yelkus Park** – Slow progress.
3. **Library Bookmobile** - Complete
4. **Molalla Forest Road Examination** – Examination is complete and progressing forward north of Main Street. South of Main Street will take additional time.
5. **Economic and Community Development** – We continue to participate in a multitude of opportunities to increase economic opportunities.
6. **Solutions to the Street Fund** – Over the next two construction cycles we will be conducting some pavement improvements, but funding continues to be an issue.
7. **Solutions to the Park Fund** – Park CPC members are raising funds to bolster this fund.
8. **Continued Progress on the Wastewater Treatment Plant Reconstruction** – Design is at 90% and project should be out for bid in November or December. Staff have been furiously working on funding sources for this project.
9. **Focus on Community Engagement** – Constant and continuous.

Each one of these projects are important and sustained progress is attributable to our capable Staff and supportive City Council.

We have two large projects beginning next fiscal year that will occupy much of our time at the Council and Staff level in the new Wastewater Treatment Plant and the new Police Facility. However, it is important that all other areas of need are addressed as best we can. Council's Goals for the next fiscal year include the following:

- Promote DEI Opportunities
- Update Parks Master Plan
- Park Naming Policy
- Create a Police Traffic Unit
- Promote Community Development
- Visioning Focus Area Update
- New Library Facility
- Create/Examine an Industrial Business Park
- Update the Emergency Management Plan
- Create a Community CONNECT (This is a Council task)
- Examine Architectural Standards
- Combine Art with the new Police Facility
- Finalize a Mural Code

All items may not be specific budget items but do assume scarce staff time to administer. For example, Committee members will not find a line item for a “new library,” but we do have \$2,516,909.00 identified in Capital Construction. We will pursue these items and much of the cost falls under general staff duties, general materials, and services or professional services.

Staffing

We are proposing limited staffing increases within the 2023-2024 Fiscal Year. Our need for Compliance/Code Enforcement has exceeded our willingness to wait for the budget process and Council approved hiring this staff position early. We are proposing that we bring on two additional Police Officers and one additional Wastewater Operator.

Property Tax-General Overview

Property Tax estimated revenues total \$3,910,828 which is estimated amounting to \$80,828 in additional General Fund revenue. Our overall Budget has increased from \$ 51,737,143 to \$81,752,097 within the Proposed Budget. Personnel Services are up 1 % and Material and Services are down 5.9 %.

2023-2024 Budget/Project Highlights

Police Department – The Police Department is proposing that we hire two (2) additional officers. One officer will be pursued at the beginning of the Fiscal Year (July) the other officer will be pursued after November.

The other important project that is more of a multi-departmental project is the new Police Station. This project assumes time from not only the City Council but Administration, Police personnel, Community Development and Finance.

Community Development – This Department consists of multiple disciplines and controls the largest portion of the Budget.

Planning – Our Planning Department will be focusing on Economic Development, Emergency Operations Plan, Parks Master Plan, and the potential expansion of the Urban Growth Boundary.

Public Works – Our largest project is the new Wastewater Treatment Plant. Our expectation is that this project will commence in November of 2023 and take approximately two (2) years to complete. Along with coordination of the Toliver Road Roundabout, Public Works has numerous smaller to medium sized projects identified. One of the more ambitious projects to date is our On-Call Paving service where the community will see visible road improvements.

Library – The Molalla Library is the oldest public Library in Clackamas County and has prided itself on consistently providing service to the Molalla Community. Consideration of the future location or expansion of the Library will be on the Library Staff list for project participation.

Administration/Finance – It is unquestionable that our main internal departments of Administration (including Human Resources, City Recorder and City Manager’s Office) and Finance are busy with each department and staffing needs.

Parks – Our Park system is burdened by a lack of funding. However, we have an excellent group of Community Program Committee Members who are pursuing funding to improve and enhance our park system. 2022- 2023 provided us with Strawberry Park, a new playground at Fox Park, Disc Golf at Ivor Davies Park, and Pickleball courts at Long Park. In 2023-2024 we will be focusing on infrastructure at Chief Yelkus Park and Clark Park.

Financial Forecast

Longstanding Budget Committee members may recall that our long-term financial forecasts and analysis identifies future financial challenges and opportunities, and then identifies strategies to secure financial sustainability in consideration of those challenges and opportunities. Our five-year forecast has been the cornerstone of our Budget preparation process. We continue to balance the service we provide as local government and reflect on the cost burden that is borne by the community. Staff have been creative with our Street Fund, and we continue to find opportunities to improve our Parks without a revenue stream.

We provide more detailed information on our annual five-year capital improvement plans within the Budget document. There is again a focus on Master Planning and projections to plan better for future year decision making. Based on our annual Audit information from June of 2022, the City of Molalla Statement of Net Position is \$45,831,845 million. The Statement of Net Position in our annual Audit is a snapshot of the overall health of the City. Molalla is prepared for what the future may hold with respect to our projections for staffing, capital costs, infrastructure, and service provision. Based on our audits and comparisons with other entities, we believe our five-year forecast is positive. As a general comparison, the City's Statement of Net Position is up \$2.7 million from last year.

Conclusion

As a City, Molalla is healthy, yet we understand that the list of unmet needs is large. However, this Budget is balanced and in compliance with Oregon Budget Law. We are in this position today because of the arduous work of a few and we can address some of the needs that exist in our community. Molalla continues to move in the right direction.

Your role as the Budget Committee is to approve total allocations within each of the sixteen funds. I state this each year but “not spending” can create as much damage as spending too much. The City has experienced this exponentially with our wastewater program. It is important for the Budget Committee to consider that we have a participatory process established in our local government and the Budget process is one of your opportunities, as a resident, to weigh in and effect change. Our budget process works best when the community is active and hears about the proposed Budget.

Again, we would like to thank and compliment everyone involved with the Budget Committee and the budget process for the 2023-24 fiscal year. I would especially like to thank Staff members responsible for preparation of this proposed Budget. Specifically, I would like to commend the Finance Department who once again have raised the Budgeting bar throughout the budget process. As always, good things happen in Molalla, and we appreciate the opportunity to be part of that process.

Sincerely,

Dan Huff

City Manager, Budget Officer

About Molalla

Location

Molalla is part of the Mt. Hood Territory located at the foothills of the Cascade Range, near the Mount Hood National Forest, 15 miles south of Oregon City, and 13 miles east of Interstate 5. The city of Molalla is surrounded by the Molalla River Corridor, rich agriculture, ranches, and rural residential development.

History

Prior to the arrival of the first Euro-American settlers, the area now known as the City of Molalla was populated by the Molalla Peoples, a Native American tribe that occupied the greater Cascade Mountain range in modern day Oregon, from Mt. Hood in the north to Mt. McLoughlin in the south. The Molalla Peoples subsisted primarily on large game (e.g. deer and elk), fish (e.g. salmon and steelhead), and naturally occurring vegetation (e.g. huckleberries and hazelnuts). The best documented aspect of Molalla culture is the language through which it was transmitted.

Descendants of the Molalla's are now part of the Confederated Tribes of Grande Ronde. However, their presence and heritage exist today throughout our community. The City of Molalla, Molalla River School District, and other non-profits have worked hard, and will continue to do so, to bring healing and a more prominent Tribal presence back to the Molalla area. Seeking fertile soils, ample water and rich grasses, pioneers were attracted to the Molalla area, and in 1840 William Russel filed the first land claim in the area. The community continued to grow around the crossing of two Indian trails, and in 1850 the first local post-office opened. By 1856, the first schools opened, and the town had become a thriving timber, agricultural, and trade center. The year 1857 brought the first general store. The City of Molalla was incorporated in 1913, a year that would prove to be full of "firsts" for the new city. Molalla welcomed her first steam train, first Molalla Buckeroo Rodeo, first bank, and first locally published weekly newspaper. Over time, timber production became the community's largest commodity; at one point five sawmills were present!

Molalla was a true Oregon timber town, and while the local economy has grown far more diverse today, still retains the frontier spirit and "can do" attitude that comes with the dangerous, difficult work of logging and milling. Today, Molalla is a community of 10,298 residents where citizens, business, and City government work together to

ensure the community retains its hometown identity, livability, and natural beauty. Molalla's rich past and beautiful setting is still reflected today in our commitment to our quality of life. Molalla has a rich past and beautiful setting which is reflected today in its commitment to quality of life. The population is estimated to grow to 13,400 by 2030.

Points of Interest Community Events

Celebrate Molalla!

Every September the town celebrates this beautiful city! This event is hosted by our Councilor Leota Childress. For more information about this annual event. Go [HERE!](#)

Heritage Art Walk

In 2015 a Ford Family Foundation Cohort and the Confederated Tribes of Grand Ronde Tribe helped create a light pole banner project celebrating Molalla's community and its history. Imagery from the banner project may be used and interpretive signage to expand on the stories of Molalla's heritage and in particular the Molalla Tribe. Sculptures have been placed throughout Molalla in various locations; Fox Park, Clark Park, Long Park, Bear Creek Byway, The Dentist Off Main, and the park near Bi-Mart. For more images and information regarding the Heritage Art Walk, go [HERE!](#)

National Night Out

Every August at Clark Park, the Police Department participates in National Night Out. Participants are invited to present displays, demonstrations, and/or handouts relating to child safety and welfare. Current participants include Molalla Fire Department, Molalla Communications (w/free bike helmets), CCSO Sheriff's Posse, Oregon Humane Society, OR Dept. of Forestry (w/Smokey the bear), NW Natural Gas, school buses, Molalla Public Works (with specialized equipment) and many more! We do not allow vendors or individuals to sell products or their services while at the event. However, participants may have business cards or handouts with contact information on them to promote their services/business later.

PERSONNEL

Summary of Personnel

The presented budget has a combined total number of full-time equivalent positions at **60.71**. Molalla is growing every year and development has been at a high. With housing developments being built population growth is expected to continue to rise. With that said, the City's need is also growing to accommodate the rise in population growth. The city works hard to fill vacant positions as they arise.

The City has two unions that represent employees of the City of Molalla: Teamsters Local 223 Go, [HERE!](#), and the CCPOA Clackamas County Peace Officers Association. [Go, HERE!](#) Public Works employees fall under the Teamsters and the Police Department fall under the CCPOA. Administrative staff is not represented by a union.

Budget Overview

The pages that follow summarize the City of Molalla’s fiscal year 2023-24 budget. More details will be explained in each fund’s narratives.

Revenues

This budget includes total resources in the amount of \$81,752,097. After excluding transfers the difference between estimated actual of prior year and current year is an increase of \$23,698,549.

Highlights:

- Property tax revenue reflects an increase in budgeted revenue for fiscal year 23/24 of \$185,828 over prior year estimated balances.
- Franchise tax revenue decreased by \$5242. This is mainly due to telephone and cable amounts declining due to customers moving away from those services.
- Intergovernmental revenue reflects an increase of \$153,281 due to small increases in government revenues, but mainly due to an increase in our cost allocation revenue.
- Licenses and Fees decreased by \$4,210
- Special Revenue decreased due to one time money and larger transfers from prior year.
- Misc. Revenue decreased due to a re-evaluation performed by finance of the interest revenue line item. The best practice is to divide the interest revenue between the funds. You will notice interest revenue spread out through all the funds rather than just in the General Fund Revenue.
- Overall revenue has increased by \$23,698,549 million. Outside regular revenue projections, the large sum is due to the debt funding for the new sewer plant.

BUDGET PROCESS

OREGON BUDGET LAW

A budget is a financial plan containing estimates of revenues and expenditures for a single fiscal year (July 1 through June 30). Besides outlining programs for the coming year, the budget controls the local government's spending authority and encourages community involvement. Oregon's local budget law is a group of statutes, ORS 294.305 to 294.565, that require local governments to prepare and adopt annual or biennial budgets following a very specific process. Chapter 294.321 defines the six major purposes of local budget law:

1. To establish standard procedures for the preparation, presentation, administration, and appraisal of budgets of municipal corporations.
2. To provide for a brief description of the programs of a municipal corporation and the fiscal policy which is to accomplish these programs.
3. To provide for estimation of revenues, expenditures, and proposed taxes.
4. To provide specific methods for obtaining public views in the preparation of fiscal policy.
5. To provide for the control of revenues and expenditures for the promotion of efficiency and economy in the expenditure of public funds.
6. To enable the public, taxpayers, and investors to be apprised of the financial policies and administration of the municipal corporation in which they are interested.

Publications such as the ["Local Budgeting Manual"](#) provide detailed budgeting guidelines and statutory interpretations: ["Local Budgeting in Oregon"](#) is an overview of the budgeting process and is especially designed for the public and budget committee members.

BUDGET PROCESS

PREPARE – The Finance Department, under the direction of the City Manager and Finance Director and with department directors, prepares a requested budget. The budget document is in a format prescribed by the Oregon Department of Revenue, meeting the requirements set out in statute. The Finance Department performs financial, economic, budgetary and statistical forecasting and analyses in support of management decisions, including development of revenue forecasting models, cost variance analyses, preparation of long-term financial plans.

BUDGET PROCESS, Continued

PROPOSE – The Budget Officer (City Manager) is responsible for delivering the budget message and presenting a proposed budget that is balanced. The City Manager in collaboration with the Finance Director and department directors adjust the requested budget. The Proposed Budget must be balanced; total resources consisting of beginning fund balance, current year revenue, transfers, and other resources must equal total requirements consisting of expenditures, transfers, contingency and other requirements.

APPROVE – The Budget Committee reviews and approves the budget. At the Budget meeting, the budget message is delivered. The budget message explains the proposed budget and significant changes in the local government's financial position. The Budget Committee reviews the proposed budget, listens to comments from community members, considers any changes, and then approves the budget. Public notices are required before the Budget Committee's first meeting. These requirements encourage public participation in the budget-making process and give public exposure to budgeted programs and fiscal policies before their adoption.

ADOPT – After the budget is approved, a budget hearing must be held by the governing body. The purpose of the hearing is to receive community testimony on the budget approved by the Budget Committee. All hearings are open to the public. After the budget hearing, and after considering public testimony, the governing body enacts a resolution or ordinance to 1) formally adopt the budget, 2) make appropriations, 3) levy, and 4) categorize any tax. The budget is the basis for making appropriations and certifying the tax levy. The resolution must be adopted no later than June 30. Public notices are required before the hearing, including a summary of the approved budget.

IMPLEMENT – This phase occurs during the budget period when the City is operating under the adopted budget. The City implements responsible budget management, monitoring, and review. Revisions to the adopted budget may require budget adjustments, resolution or supplemental budgets. By transferring appropriations, a governing body usually has enough flexibility to carry out the programs prescribed in an adopted budget. The governing body may adopt a supplemental budget at a regular public meeting if prior notice is given and the expenditures in the supplemental budget are **10 % or less** than of the budget fund being adjusted. If the expenditures are more, the governing body must publish a summary of the changes in the supplemental budget and hold a special hearing.

BASIS OF ACCOUNTING AND BUDGETING

Measuring Focus, Basis of Accounting & Budgeting

The “basis of accounting” and “basis of budgeting” determine when revenues and expenditures are recognized for the purposes of financial reporting and budget control. The city of Molalla employs a hybrid basis of accounting that is called “modified accrual”. Under this system revenues are recognized when they become measurable and available; expenditures are recognized when the obligation to pay is incurred. However, capital expenditures are recognized at the time of purchase. This leads to significant increases and decreases in total expenditures from year to year. Capital expenses tend to be large and unevenly timed.

Accounting on a “cash basis” means that revenues and expenditures are recorded when cash is received or paid out. This method is used by many small businesses. The City of Molalla currently uses the cash basis of accounting for all budgets of the City. All annual appropriations lapse at fiscal yearend. The City is currently working with current auditors with an expectation to move to a “full accrual budgeting and accounting” by FY24/25.

Molalla’s governmental fund financial statements are reported using the [current financial resources measuring focus](#) and the modified accrual bases of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within a period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Significant revenues, which are susceptible to accrual under the modified accrual basis of accounting, include property taxes and federal and state grants. Other revenue items are considered to be measurable and available when received by the City. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgment’s, are recorded only when payment is due.

FUND ACCOUNTING

Financial Analysis

The proposed budget for FY 2023/2024 for the City of Molalla has been prepared in accordance with Oregon budget law and generally accepted accounting principles. This is a lean budget with continued focus on expenditure controls, building working capital, contingencies, and reserves, and focus on capital improvements to city infrastructure.

Fund Descriptions

The financial structure of the City is organized and operated based on fund accounting. There are both federal and state requirements for local governments to budget by fund as a means of maintaining records for resources which are designated to carry out specific activities or meet objectives. Oregon Administrative rules define a fund as, “a fiscal and accounting entity with self-balancing accounts to record cash and other financial resources, related liabilities, balances and changes, all segregated for specific, regulated activities and objectives with special regulations, restrictions, or limitations.”

Government Funds

Government funds house most of the City’s functions and include the General Fund, Special Revenue Funds, and Debt Service Funds.

GENERAL FUND – The General Fund is the general operating fund of the city. It is used to account for all financial resources except those required to be accounted for in another fund.

- Police
- Administration
- Municipal Court
- City Council
- Parks
- Planning

SPECIAL REVENUE – Accounts for money that is earmarked for a specific purpose, for example, gas tax or special district revenue.

- Library Fund
- Street Fund
- Police Restricted
- Capital Projects
- Fleet Reserve
- Transportation SDC’s
- Parks SDC’s

FUND ACCOUNTING, Continued

DEBT SERVICE FUNDS

The City maintains a dedicated fund for repayment of long-term.

- Sewer Debt Retirement

SDC Fund

(The City collects systems development charges for streets, water, sewer, storm water, and parks).

ENTERPRISE (or Proprietary) FUNDS – These funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. The intent of the governing body is that the costs of providing the services to the general public on a continuing basis be financed primarily through user charges. These funds represent three segments of operations – Water, Sewer, and Storm Water. Included in these segments are:

Water Operations

Water Fund

The Water Fund accounts for water services for residents of the City. The principal revenues source is from user fees. The primary expenditure is for system operations.

Water SDC Fund

The Water SDC Fund is used to implement the Water System Master Plan. The resource is SDC fee charged on new development.

Sewer Operations

Sewer Fund

The Sewer Fund accounts for sewer services for residents of the City. The principal revenue source is from user fees. The primary expenditure is for system operations.

Sewer SDC Fund

The Sewer SDC Fund accounts for expenditures on major construction projects or equipment acquisition. Resources are system development charges and fees charged on new development.

FUND ACCOUNTING, Continued

Storm Water Operations

Storm Water Fund

The Storm Water Fund accounts for storm drain services for residents of the City. The principal revenue source is from user fees. The primary expenditure is for system operations.

Storm Water SDC Fund

The Storm Water Fund is used to implement the Storm Sewer System Master Plan. Resources are SDC fees charged in new development.

Financial Policies

A “fund”, as defined by Oregon Administrative Rule 150-294-0420(1), is a fiscal and accounting entity with self-balancing accounts to record cash and other financial resources, related liabilities, balances, and changes, all segregated for specific, regulated activities and objectives. Governmental accounting systems are organized and operated on a fund basis. The diverse nature of governmental operations and the need for legal compliance preclude recording and summarizing financial transactions in a single accounting entity.

The table above illustrates fund types required under Oregon Budget Law, as well as the Governmental versus Proprietary Fund distinction required under Generally Accepted Accounting Principles (GAAP). Major Funds are noted in **Bold**.

Consolidated Schedules

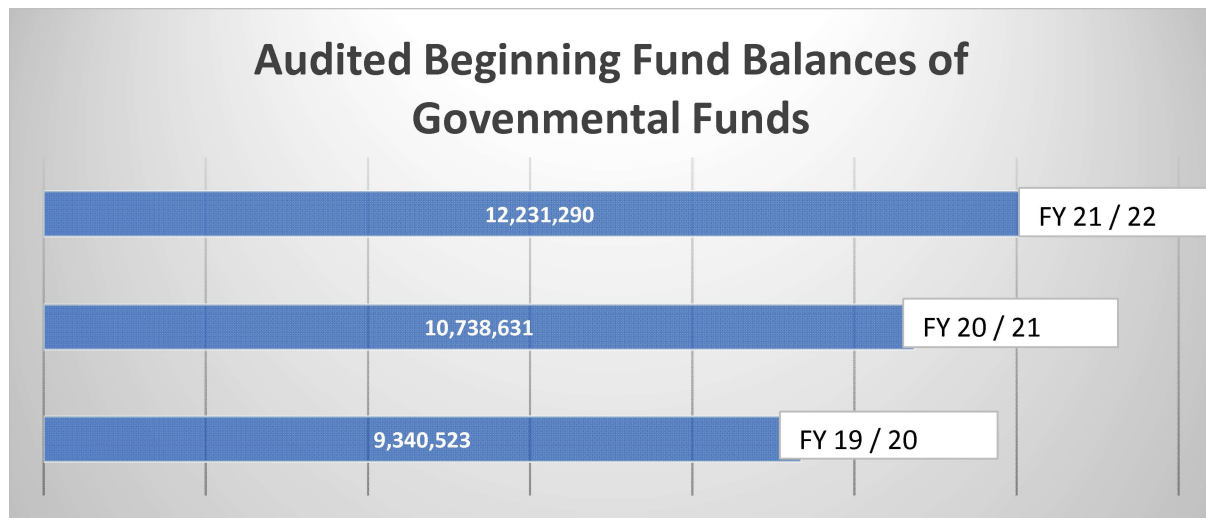

The consolidated schedule section first shows the audited General Fund revenues and expenses. As well as audited General Fund revenue and expenses. The General Fund inserts also include this budget year as well. The purpose of this model is to show the sources of revenue by their type, some examples are property taxes, intergovernmental, etc. Also showing the same information for expenditures by presenting them by function, and or program. Example General Government, Public Safety, etc. Percentages and pie charts also show the relationships between the different types of revenues and expenses. The beginning fund balances of the General Fund and the audited Governmental funds are also shown for reference.

Revenue Overview

Each local government estimates its budget resources for the ensuing fiscal year by funds and sources. [\(ORS 294.361\(1\)\)](#) Budgeting resources is the total of beginning fund balance (net resources available in a fund at the beginning of the fiscal year) and revenues received into a fund from outside the fund during the fiscal year. All resources and revenue estimates are based on “Good Faith.” That is, they should be reasonable and be reasonably likely to prove correct, based on the known facts at the time.

REVENUE CATEGORIES

- **Taxes** include property taxes (permanent, local option, and general obligation) and local surcharge taxes. Urban renewal incremental taxes are not included within this budget—they may be found in Molalla Urban Renewal Agency section. **GO HERE for URA**
- **Fees, Licenses & Permits** are typically required by ordinance, such as franchise fees or City services fees.
- **Charges for Service** include user or customer charges (utility service, building plan reviews and inspections), equipment or building rentals, and system development charges.
- **Intergovernmental** includes revenue received from other local, state, and federal agencies, such as grant agreements, intergovernmental agreements, and State Shared Revenues distributed under Oregon Revised Statutes.
- **Fines & Forfeitures** include traffic, municipal citations, and other imposed penalties.
- **Miscellaneous/Other revenue** includes donations, interest on investments, bad debts recovered, and other revenues that cannot be categorized above.
- **Interfund Transfers** are transfers of resources from one fund to another. The fund receiving the transfer shows it as a revenue.
- **Other Financing Sources** includes pass-through transfers and debt proceeds from financing of debt. Pass-through transfers are when one local government collects revenue on behalf of another local government.

Property Taxes

Property Taxes in Molalla

The City of Molalla tax revenue is based off of a permanent tax rate of \$5.3058 / \$1000, converted to a tax rate of .0053058%. Full payment of taxes is due by November 15th to receive a discount. No discount is allowed on a 1/3 payment and additional 1/3 payments are due on February 15th and May 15th.

Intergovernmental

This revenue category includes allocations from State Revenue Sharing, State Gas Tax, State liquor, cigarette, and targeted grants that are issued by the State of Oregon.

Franchise Fees

The city has four franchise agreements. Revenue from these sources has proved to remain steady even as rates and inflation moves up and down. Since this is based from customer behaviors it shows a direct relation to the growth in Molalla. The only franchise fees that are on the decline are TV and Cable Franchise fees, due to customers moving away from these services.

Franchise	Budget	Increase
NWNG – Natural Gas	60,000	+11,000
TELEPHONE	6,100	-2,900
TV- Cable	12,500	-3,000
PGE - Electric	402,402	+27,544

The above referenced numbers are from budgeted amounts. Actual numbers will vary.

Charges for Service

Below is the revenue budgeted from charges for service this fiscal year. Utilities make up a large portion of the budgeted amount.

	Budgeted
Water Monthly User Fees	2,500,000
Sewer Monthly User Fees	4,100,000
Stormwater Fund	350,000
SDC Revenues	688,755

Revenue Overview, Continued

Licenses, Permits, Fees

Approximately \$54,500 has been budgeted for licenses, permits, and fees for the General Fund. The bulk of this revenue is from:

	Budgeted
Celebrate Molalla	7,500
Police Fees	7,000
Business Licenses	35,000
Lien Searches	5,000

Fines and Forfeitures

Approximately \$162,500 has been budgeted for licenses, permits, and fees for the General Fund. The bulk of this revenue is from:

	Budgeted
Court Revenues	155,000
Code Enforcement Revenue (New)	7,500

Administrative Overhead

The process of allocating administration costs is necessary to ensure that all funds contribute to the costs of providing administrative oversight (such as City Manager and Council), human resources, payroll, accounts payable, receivables, legal costs, and liability insurance. Methodology of calculating the allocation varies from city to city. Two of the most common bases are operating costs and FTE's.

There is a two-step process involved. The first allocation that must be determined is the broad allocation of costs between general fund operating departments (Police, Court, Parks, and Planning) and other (non-general) funds.

The second step of the process is to re-allocate the overall percentage of each of the non-general funds to develop the actual transfer ratio for each fund (Library, Streets, Water, Storm, Urban Renewal.) The same methodology (i.e operating costs) should be used to develop those ratios as well.

This makes sure that all operating expenses incurred by the general fund are allocated to all departments for reimbursement of those said costs. Based on the figures described we are budgeting \$540,331 to recoup the costs of those services.

Miscellaneous

Approximately \$106,382 is budgeted for misc. revenue. Sources include interest and donations.

Five-Year Financial & Capital Forecasts

Summary

Finance has completed a five-year financial forecast for all operating funds. Capital, SDC's, capital transfers, are reviewed and scheduled by the Community Development Department. Internal transfers will also not be included as they are driven by financial health during the budget process. Please go to the [Molalla Current](#) for current and upcoming Capital Projects. Also refer to the Capital Projects Fund within this document for more forecasting information on future projects. Molalla continues to take a conservative approach to spending. The goal with this forecast is to preserve capital and continue to grow as a City while staying relevant and sustainable. This is why Contingency/Reserve is part of the General Fund Projections.

Assumptions

Below are the assumptions for the 5-year Financial Plan. Amounts and percentages are projected very conservatively. That way projections can be made for a worst case scenario, then when the actual numbers are entered the growth can be recognized with the hopes of an upward trend forming. The Capital Fund will be omitted since Capital will have its own 5-year plan. No capital in other funds, transfers, or SDC's will be included in the financial assumptions.

All Funds

- Personnel Services will be estimated at up to a 5% increase.
- Materials & Services will be estimated up to a 3% increase.
- PERS will be estimated at an increase up to 4% Increase.
- Health Insurance Estimated at a 5% increase.
- Recurring revenues will increase at 3 - 5%

For 5 Year Capital Plan.

The Capital plan was adopted by resolution on April 27, 2022. Complete details of this plan can be found on the City's website of [GO,HERE!](#) and you will be routed there.

Administration Department

The Administration Department is the core functioning unit for the City of Molalla. General Fund Administration includes the City Manager's office, City Recorder's office, Human Resource, and Finance.

Administration is where the City connects with the public and provides the organizational and business foundation for the City. This

department provides many external services such as civic leadership, communication, engagement, as well as administrative support, city management, financial management and services, customer service, human resources, records management, risk management, and information technology. A percentage of costs that are recorded to the General Fund are recovered through cost allocations. These percentages are reviewed each fiscal year by the Finance Department.

City Manager Office

The City Manager works to unite political leadership (City Council) with skilled administrative Staff. The City Manager does this through broad authority to run the City by providing an annual Budget (adopted by Council), hiring Staff (personnel) and provision of public services such as streets, water sanitary sewer, parks, storm drainage, public safety (police), finance administration, etc. (City Charter Chapter VIII, Section 34).

City Recorders Office

The City Recorder serves as the clerk for the City Council through recording and archiving official records, city proceedings and legislative history of the City of Molalla, and acts as the City's Elections Officer. The Recorder also provides internal support to all City departments regarding record management, legal records, deeds, liens, record requests, risk management, minutes, and decisions for City Council and all Committees and Commissions.

Finance Department

The Finance Department, under the administrative direction of the City Manager and Finance Director plans, organizes and directs the Finance, Court, Reception, and Utility Billing departments. Finance also provides internal management to Staff responsible for accounting, financial reporting, reception, investments, debt management grants, purchasing, budgeting, general ledger, payroll, personnel, utility billing, court, annual audit, and workers compensation.

Human Resource Office

Processes payroll and pays all vendors associated with payroll. Researches and stays up to date on all FMLA, BOLI, Paid Leave Oregon, FMLA (Family Medical Leave Act), and current issues affecting staffing and payroll, job recruiting, employment listings, and processes all new hires. Also works with our insurance company to process Risk Management.

Explanation of Significant Budget Variances

2024 Adopted Budget vs 2023 Projected Actual

- Increased amount of reserves and contingency funds by \$605,853.
- No transfers out of General Fund.

Summary of Explanations Above

The intention is to reserve a beginning fund balance for the 24/25 Budget Year. To support this intention, it was agreed not to have transfers going out of the General Fund (GF). Historically, the GF has transferred funds into the Fleet and Capital Funds for the new Police Facility construction costs. Since the City will be seeking funding for the facility, it was agreed to hold that transfer in order to support the Goal.

Goals for 2024

- ✓ Prepare an ACFR (Annual Comprehensive Financial Report) for submission to the GFOA.
- ✓ Receive fifth Budget Award.

2023 Accomplishments

- ✓ Received GFOA Distinguished Budget award for a 4th year.

Goals Aligned with Molalla Area Vision and Action Plan 2030 (Focus Area #2)

Develop the physical infrastructure needed to support a welcoming community.

- Increased communication through the [Molalla Current](#), which supports infrastructure needs and a welcoming community.

Foster socially welcoming activities and embrace diversity as our strength.

- Participates and sponsors Celebrate Molalla.
- Participates in Town Halls.

Engage youth:

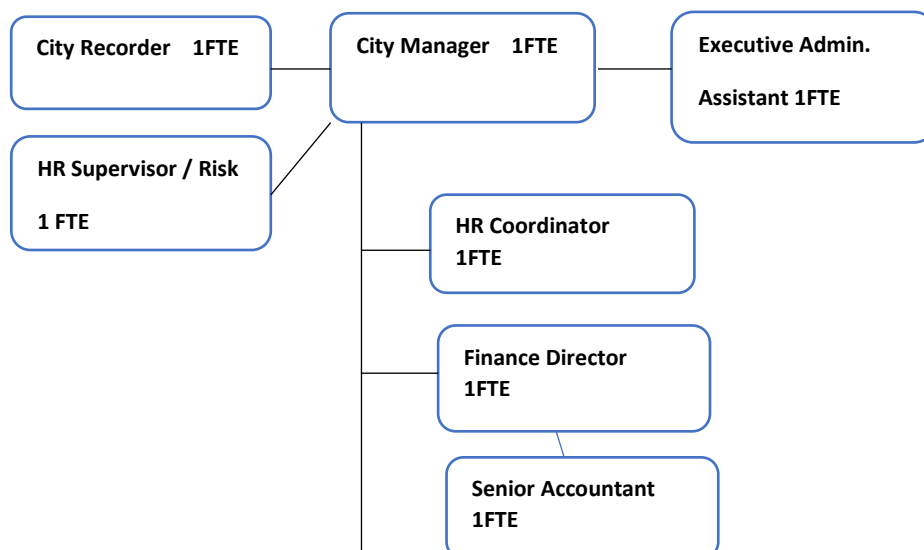

- Participated in the Career Fair at Molalla High School to encourage professional development.

Police Department

The 2023-2024 budget for the Molalla Police Department reflects the growing needs of our police department to meet community expectations. The police department and the city continue to face legislation that gives us the opportunity to think outside of the box. The 2023-2024 budget will provide the police department as well as community development with a full-time code compliance specialist. This will allow the city to have a more proactive and less reactive approach to neighborhood livability issues. This budget will also allow us to hire additional police officers to keep up with the growth of the city. This will also allow for more participation in specialized units, which will have a direct benefit and impact on the citizens of the City.

The police department has had many accomplishments during this fiscal year that would not have been possible without a strong collaboration with other city departments and leadership. We have fully implemented our body worn cameras which have been fully embraced by not only the police officers but by the community. In keeping with the visioning goals set by council and staff we have increased supervision with the promotion of a sergeant. This sergeant not only supervises patrol officers, but also supervises our detective unit, which is something we have never had.

The police department is making great progress in building a new police facility. We have hired a great architectural firm that has expertise in police facilities from large to small. We have also hired a general contractor who has expertise in public safety facilities and has built several local public safety facilities in Clackamas County. We have also hired an elections consultant to engage public input and feelings around a general obligation bond to build the new facility. With all three of these pieces in motion we are very close to seeing this project come to fruition.

The goals and accomplishments would not have been successful without the hard work from all police department staff and the collaboration of all city departments and management.

Activity Measures from Last year, with Performance Percentage from prior year.

	FY 2020-21	FY 2021-22 Estimated	Did Police Department Meet Expectations	Performance Percentage	FY 2022-23 Projected

Arrests	212	400	Yes 402	101%	400

Explanation of Significant Budget Changes

2024 Adopted Budget vs, 2023 Projected Actual

- Computer SVC, Rep & Upgrades down \$80,000.
- Supplies Equipment down \$74,000.
- No Transfer to Capital Projects
- No Transfer to Police Fleet

Summary of Explanations above

To reserve the beginning fund balances and to conserve spending the City agreed to not transfer money to the fleet fund this fiscal year. Prior transfers have allowed enough saved to purchase the cars and equipment needed for the upcoming new hires. New equipment and computers were added last year and not needed in the new year.

Goals for 2024

- ✓ Successfully pass a bond for a New Police Facility.
- ✓ Reach 90% completion of the New Police Facility.
- ✓ Hire (2) additional officers to proactively serve the community.
- ✓ Have an active role in specialty units, SWAT, Crisis Negotiation Team, Threat Assessment Team, Interagency Taskforce, etc.

2023 Accomplishments

- ✓ Fully implemented our body worn cameras.
- ✓ Secured architectural firm that has expertise in police facilities.

Goals Aligned with Visioning

Develop the physical infrastructure needed to support a welcoming community.

- By adding a Code Compliance Specialist there is a more proactive and less reactive approach to neighborhood livability issues.
- Hiring of (2) additional police officers to keep up with the growth of the city. Also allows for more participation in specialized units, having a direct benefit and impact on the citizens of the City.

Foster socially welcoming activities and embrace diversity as our strength.

- National Night Out first Tuesday in August. Embracing welcoming activities and community strength.

Engage youth.

- Participated at the job fair with Molalla High School to encourage professional development.
- (1) Full Time School Resource Officer

Municipal Court Department

The Molalla Municipal Court is a service to our community and as such it is important that our staff be available to answer the needs of the public. As of November 1, 2021 the courthouse relocated to the new Molalla Civic Center located at 315 Kennel Avenue, Molalla, OR 97038.

Municipal Court for the City of Molalla constitutes the City's chartered judicial tribunal and hears cases arising under the [Molalla Municipal Code](#), the Oregon Vehicle Code, all misdemeanor charges, both traffic and non-traffic, and most recently driving under the influence of intoxicants (DUI) crimes.

As of December 13th, 2022, Molalla Municipal Court switched from scheduling court sessions at night to scheduling court during the day. The dates have changed from 3 nights a month to 2 half days of the month, now hearing traffic and criminal cases each day. Additional days are added in the month as needed for court jury trials. Please refer to the court calendar. [Go Here!](#) For information regarding the court about fines, parking, forms, payment options, etc. [Go Here!](#) For more detailed information.

Explanations of Significant Budget Variances

2024 Adopted Budget vs, 2023 Projected Actual

- Budgeted revenues have declined due to hardships caused by the COVID-19 pandemic and changes in state law.
- New Security Contractor

Summary of Explanations above

Due to the decline in revenues from prior years the court is taking a conservative approach to spending this fiscal year. In the past when the Court operated in the evenings certain Public Works staff members would act as bailiffs. Now that the court is operating on a daytime schedule, we decided to contract with Oregon Patrol Services for security and bailiff needs.

Goals for 2024

- ✓ Continue with efforts to clean up databases of cases that are deemed uncollectable by state law. (20 years old)

2023 Accomplishments

- ✓ Successfully transitioned to Day Court

Goals Aligned with Visioning

Develop the physical infrastructure needed to support a welcoming community.

- Moved to a Daytime Court, more accessible schedule for community.

Foster socially welcoming activities and embrace diversity as our strength.

- The court offers a phone interpreter service, when needed, handling cases in the courtroom, at the court counter, and via phone. The interpreter service provides a wide array of languages they can handle, including ASL via video. So far, we've utilized the Spanish, Russian, and ASL interpreters.

Engage youth.

- Encourage diversion programs and educational classes as substitutes for convictions when youth find themselves in court to promote educational opportunities and keep their records clean.

Parks Department

The Parks Department is part of the General Fund budget and provides the funding for the staffing, equipment, and supplies necessary to operate and maintain city parks and park structures.

Fiscal Year 2022-2023 was a big one for Molalla Parks. First, the City was fortunate enough to receive substantial funding support from Molalla Communications Company (MCC) to assist in constructing the new tot park on Mary Drive known as [“Strawberry Park.”](#) Additionally, the City was able to replace the playground equipment at Fox Park, and construct a 9-hole Disk Golf Course at Ivor Davies Park.

This fiscal year will be just as busy and just as important to Molalla Parks, but with a little bit less visibility. The Pickleball Courts slated to go into Long Park will be a big boost to the Downtown Core, and the upgrade of Molalla Forest Road adjacent to Chief Yelkus Park will enhance the city’s bike and trail system, but the bulk of the work will be in development of the Parks Master Plan update.

Each infrastructure system in the community has a Master Plan attached to it. The plan lays out the improvements and work to be done on the system to meet customer demand over the next 10-20 years as well as the costs associated with and eligibility for System Development Charges. The Parks Master Plan provides City Staff with our marching orders for improvement of the City’s Parks and Trails System. The planning process includes substantial public outreach and attempts to roll in the desires of the community to the extent practicable.

This year’s Parks budget marks a decrease in Capital spending as funds are preserved while Master Planning occurs, and maintenance costs are balanced to account for the new parks and equipment added to Molalla’s inventory in FY22-23.

Explanation of Significant Budget Variances

2024 Adopted Budget vs 2023 Projected Actual

- No transfers to fleet this year.
- Professional Services increased by \$9,350.

Summary of Explanations Above

Budgeting conservatively, we decided to not transfer any funds from the General Fund this budget year. The intention is to increase the beginning fund balances moving forward into the next budget FY 24/25. Professional fees increased due to re-establishing a contract with TruGreen to keep our parks looking beautiful.

Goals for 2024

- ✓ To Complete Chief Yelkus Park
- ✓ To complete the Pickle Ball Courts in Long Park
- ✓ Upgrade Molalla Forest Road adjacent to Chief Yelkus Park
- ✓ Increase bike and trail systems.

2023 Accomplishments

- ✓ Purchased and installed new playground Equipment at Fox Park.
- ✓ Finished Strawberry Park.

Goals Aligned with Molalla Area Vision and Action Plan 2030 (Focus Area #2)

Develop the physical infrastructure needed to support a welcoming community.

- Increased communication through the [Molalla Current](#), which supports infrastructure needs and a welcoming community.

Foster socially welcoming activities and embrace diversity as our strength.

- Designed and constructed [Strawberry Park](#) last year.
- Finished the Disc Golf Course at Ivor Davies Park.

Engage youth:

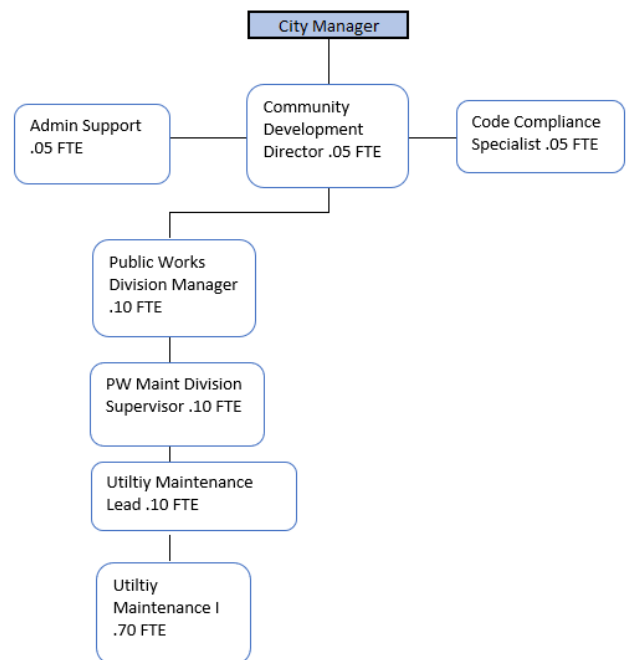

- Participated in the Career Fair at Molalla High School to encourage professional development.
- Adding parks that offer activities to youth of all ages.

Planning Department

Planning is a Division of the Community Development Department that is responsible for the short and long-range planning programs, implementation of the Comprehensive Plan, management of the Economic Development program, facilitation of the Planning Commission, assisting in the development of master planning documents, and community outreach.

The City continues to see record development numbers with 15 Type III (major land use actions) approvals, 3 Type II (minor land use actions) approvals, and 36 building permit approvals since July of 2021. The large number of land use and building actions will continue to impact the division's capacity for several years as the project's payout.

On the Economic Development front in FY22-23, the Planning Division completed an expansion of the City's Enterprise Zone, facilitated the Beautification and Culture Community Program

Committee (B&C CPC) in hosting a community art contest associated with the Wayfinding Kiosk grant (project completed last year), completed a grant funded Travel Oregon Destination Ready Assessment, and is in the process of using grant funds from Travel Oregon and Mount Hood Territory (Clackamas County) to develop and disseminate a Molalla River Corridor recreation map. Additionally, the B&C CPC, with support from the Planning Division has taken over responsibility for the Molalla Spring Clean and City-Wide garage sale. For the first time this year, a Molalla Current page has been published to help provide information on the event and sign-ups for the garage sale.

Planning Division staff is also in the process of conducting a Housing Needs Analysis and Production Strategy, largely funded by a DLCD Planning grant, in order to comply with HB 2003, and to facilitate exploration and potential expansion of Molalla's out of date Urban Growth Boundary.

This year's budget anticipates some slowing of the record development seen in Molalla over the past few years, continuation of the HB2003/UGB studies with additional grant support, and exploration of digital permitting as potentially required by a new state law under consideration at the state legislature.

More information on the planning department as well as contact information, City Maps, and Public Notices can be found on our website or [Go, HERE!](#)

Planning Commission

The Planning Commission is comprised of citizens (2 from outside the city limits and 5 from inside) that review certain land use decisions, decide upon appeals and make recommendations to the City Council on land use proposals. The Planning Commission is also responsible for maintaining and updating the city's comprehensive plan and supporting documents, the development code, and urban growth boundary.

Interested in being a part of the Planning Commission? To qualify, applicants must be U.S. citizens and submit a [completed **Application for Appointment to a Citizen Committee**](#). Forms are also available at City Hall. Each applicant shall include a brief statement of why you wish to serve on the Planning Commission. Applicants may include a resume with their applications. Appointments to the Planning Commission will be made by the Mayor.

Planning Commissioners and City Councilors are required to fill out a [Statement of Economic Interest](#) on or before April 15th of each calendar year.

Meetings are scheduled on the first Wednesday of each month.

Explanation of Significant Budget Variances

2024 Adopted Budget vs 2023 Projected Actual

- No significant Variances

Summary of Explanations Above

Keeping our focus on conservative spending with the intention to increase beginning fund balances for the 24/25 budget year.

Goals for 2024

- ✓ Select and Implement a Digital Permitting Platform
- ✓ Reconcile Public/Semi-Public Land Uses with the Comprehensive Plan
- ✓ Comply with HB2003 and continue to advance the Sequential UGB Expansion process by:
 - Adopting the Housing Needs Analysis and Housing Production Strategy
 - Obtaining a Planning Grant for an Employment Opportunities Analysis
- ✓ Enhance the Economic Development webpage

2023 Accomplishments

- ✓ Awarded a Planning Grant from DLCD
 - Completed an adoption ready Housing Needs Analysis and Buildable Lands Inventory
- ✓ Awarded a Destination Ready Grant from Travel Oregon
 - Completed a Destination Ready Assessment that identified 1-, 5-, and 10-year projects to enhance Molalla Tourism
 - Completed and disseminated a Recreation Map featuring Molalla and the Molalla River Corridor.
- ✓ Awarded a Community Development Block Grant to increase ADA accessibility in the Molalla Civic Center.
- ✓ Completed an Expansion of the Molalla Enterprise Zone

Goals Aligned with Molalla Area Vision and Action Plan 2030 (Focus Area #2)

Develop the physical infrastructure needed to support a welcoming community.

- Increased communication through the [Molalla Current](#), which supports infrastructure needs and a welcoming community.

Foster socially welcoming activities and embrace diversity as our strength.

- Engaged KATU Channel 2 to Feature the Molalla Buckeroo on their Morning Show and other Platforms.

- Participated Heavily in coordination, and execution of the Celebrate Molalla event.

Engage youth

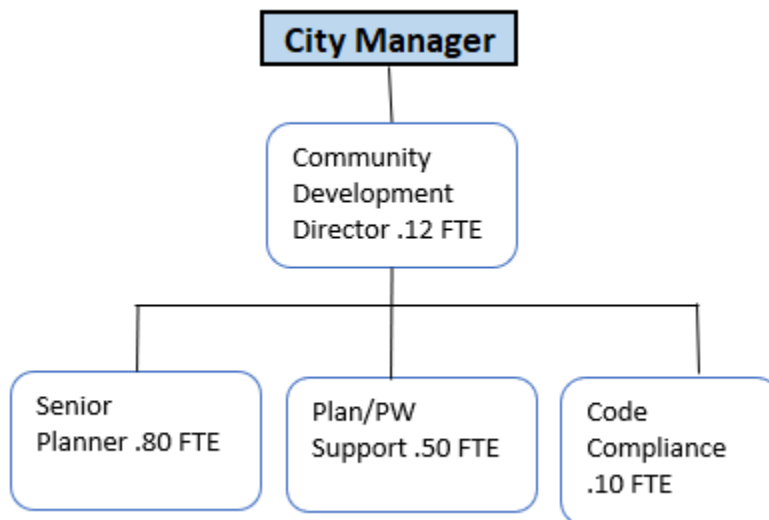

- Participated in the Career Fair at Molalla High School to encourage professional development and recruit potential interns.
- Developed and advertised a local government internship program, and the “student Councilor” program.

Library Fund

The Molalla Public Library is funded by the Clackamas County Library District and operated by the City of Molalla. The permanent rate is 0.3974 per thousand assessed property value. The Ready to Read grant is available to all public libraries in Oregon and pays for most of our summer reading program for elementary-aged children. It is administered through the State of Oregon Library.

The library continues to be a community Resource Hub and provides educational and entertainment materials and programs for our community. This past year, the library expanded its services to include bookmobile stops for underserved populations such as Plaza Los Robles and the Colton community as well as attending National Night Out, Celebrate Molalla, and local school programs.

Elementary age programs are offered monthly, engaging children of all ages. All programs are facilitated by library staff. Programs include:

- Homeschooling Huddle provides a connection for our homeschooling families as well as a learning-based enrichment program.
- LEGO CLUB encourages a love for design and building.
- STEAM (Science, Technology, Engineering, Arts, and Math) Powered Fun! Immerse children and their caregivers in a scientific topic each month with hands-on experiments.
- Teen STEAM and Teen Book Boxes

The library also offers many monthly adult programs. Programs include:

- Presentations from Bigfoot to Acupressure, there is something for everyone
- Citizen Preparation classes for exam
- Make it Monday offers a wide variety of craft projects
- Adult monthly book boxes
- Molalla Adult Center Bookmobile Monthly Stops
- Homebound services to individuals and care facilities upon request
- Group/Family activities all year long

Library staff continue to provide curbside service when requested, in addition to the activities above. Visits to local daycare and other care facilities occur on a regular basis. Our staff members remain committed to serving our community.

The budget prepared for next year reflects the increasing demand for streaming audio and e-materials as well as the continued need for books, DVDs, and books on CD, and music. Our programming budget allows us to maintain the quality of performers and the materials used for our many craft and educational programs. Increases also reflect the rising cost of doing business day to day.

Our budget is healthy and sustainable. It allows Library staff to continue to welcome our patrons, reach out to those who are unable to come to the library, and grow with our community with updated resources, outreach, and educational and family friendly events.

Participation in Programs	3,549	5,400	Yes 6,831	127%	6,900

Explanation of Significant Budget Changes

2024 Adopted Budget vs, 2023 Projected Actual

- Increase in building maintenance by \$45,000 for contract building maintenance
- Operations and maintenance increased by \$23,000
- Interest revenue new \$76,989
- Increased operating contingency & reserve by \$363,192 from previous year

Summary of Explanations Above

The intention is to preserve the beginning fund balance for the 24/25 budget year. This is why there is an increase in the contingency/reserve. The operation and maintenance increase is due to the need to replace the sidewalk and remove some trees. If the budget permits, it is possible to resurface the parking lot. In the past city employees have performed maintenance requests at the Library. To ensure availability and that the correct professional trade is involved we are moving away from this practice.

Goals for 2024

- Increase patron visits at bookmobile stops
- Increase outreach by 10%
- Refresh the library in cosmetic ways – e.g. sidewalk and planters
- Increase the availability of popular titles

2023 Accomplishments

- ✓ Purchased and received the bookmobile allowing more outreach services in the community and beyond City limits
- ✓ Increased outreach to daycare centers, care facilities, schools, underserved areas, and low-income housing
- ✓ Refreshed collection with duplicate titles, newer covers of older titles, and patron requests
- ✓ Worked to ensure multiple viewpoints are represented in our materials
- ✓ Established a solid core of regular programs our patrons count on
- ✓ Increased curated book boxes for adults and teens
- ✓ Purchased colorful book drop boxes outside with greater capacity and visibility

Goals Aligned with Visioning

Develop the physical infrastructure needed to support a welcoming Community.

- Constantly increasing communication through monthly events at the library. See full monthly schedule and activities on the City Calendar [Go, HERE!](#)
- For all programs and activities [Go, HERE!](#)

Foster socially welcoming activities and embrace diversity as our strength.

- Adult Programs such as Citizenship Preparation for the civic testing portion of the US Citizenship application.
- Presentations with a wide variety of speakers
- Regular visits with the bookmobile to Plaza Los Robles to present storytimes, crafts, and offer materials in Spanish for check out to residents
- Mexican cooking classes, Mexican Bingo (Loteria), and a celebration of Día de Los Muertos, celebrating heritage and ancestors through this Mexican holiday

Engage youth.

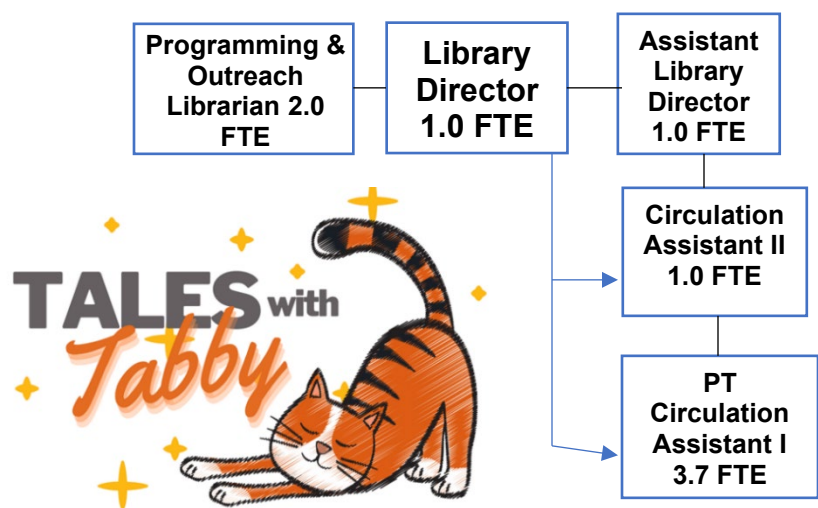

- Participated in the career fair with the Molalla High School to encourage professional development
- Regular visits to area daycare facilities
- Weekly storytime for ages 0-5 years
- Homeschooling Huddle, LEGO Club, and STEAM Powered Fun!
- Teen Book Boxes

Street Fund

The Street Fund is an Special Revenue Fund that provides the labor, equipment, and supplies necessary to operate and maintain city streets and rights-of-way. Primary sources of revenue for this fund are State Gas Tax, Vehicle Registration Fees, and PGE Franchise Fees. Each is expected to be only slightly higher than last year.

Sidewalk Infill in conjunction with an Emergency Water Main Repair on Toliver at N Leroy Ave

FY23-24 will be a year of firsts for Molalla's Street Fund. First, a sidewalk infill program has been proposed in the budget to assist residents in construction and/or maintenance of sidewalks. Second, the City has added contract paving services. The purpose of the service is to address a set of paving projects each year through a budget line item that is generated exclusively to rehabilitate existing streets. The streets are prioritized using an analytical framework that looks at each road for such things such as traffic loads, past and future projects scheduled, nearby development patterns, available budget, and so on. Additional projects scheduled for FY23-24 include completion of the S Leroy Ave extension to Lowe Rd., extension of the Cascade Center cross section of OR-211 to just west of Ona Way, improvement of Molalla Forest Road north of OR-211, and resurfacing of Molalla Forest Road south of OR-211, improvement of Industrial Way just north of OR-211, and improvement of Ona Way just south of OR-211.

Rendering of the Roundabout Project at Toliver and OR-213

In FY22-23, the City was able to advance several of the projects scheduled for completion in FY23-24, and complete the Traffic Signal at Molalla Ave. and OR-211, correct the curb extensions on Shirley and Cole, complete an overlay of Heintz St., and an overlay of Eckerd Ave. The City was also able to complete the purchase of a new backhoe that will be used heavily in Street maintenance, repair, and construction.

Explanation of Significant Budget Variances

2024 Adopted Budget vs 2023 Projected Actual

- Building Maintenance Increased \$19,700
- New Road Resurfacing Program Increase \$250,000
- Increased Contingency Reserve by \$366,665

Summary of Explanations Above

Increase building maintenance in order to paint Pole shed, repair building roof, and to repair civic center leaks. Road resurfacing program will address current paving projects each year. By increasing the contingency reserve, the intention is to reserve beginning fund balance for the 24/25 FY.

Goals for 2024

- ✓ Complete S Leroy Ave extension to Lowe Rd.
- ✓ Extend Cascade Center cross section of OR-211 to just west of Ona Way.
- ✓ Improvement of Molalla Forest Road N OR-211.
- ✓ Improvement of Industrial Way N of OR-211.
- ✓ Improvement of Ona Way S of OR-211.

Accomplishments for 2023

- ✓ Completed traffic signal at Molalla Ave.
- ✓ Corrected curb extensions on Shirley & Cole.

Goals Aligned with Molalla Area Vision and Action Plan 2030 (Focus Area #2)

Develop the physical infrastructure needed to support a welcoming community.

- Increased communication through the [Molalla Current](#), which supports infrastructure needs and a welcoming community.

Foster socially welcoming activities and embrace diversity as our strength.

- Participates in the City-Wide Newsletter that offers a bilingual version.
- Molalla Current can also be easily converted to Spanish.

Engage youth:

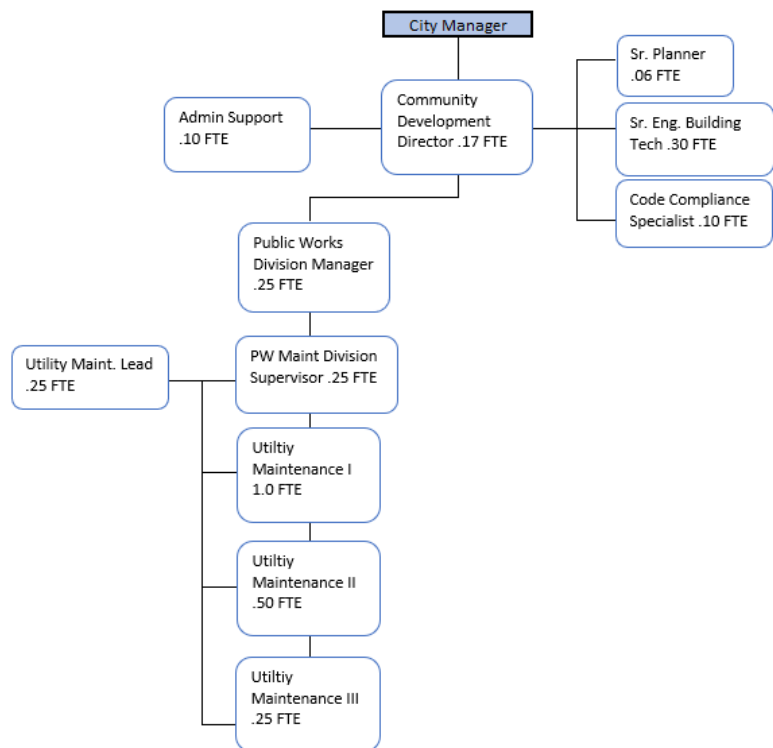

- Participated in the Career Fair at Molalla High School to encourage professional development.

PD Restricted Fund

The PD Restricted Fund houses several smaller accounts designed to be protected or set-aside. For example, when citizens or a business entity donates money for a particular cause (like K9) those funds need to be held separately to ensure they are used for the reason they were designated.

When funds are donated to the police department and are not designated to a particular area, they go into a Youth Athletic or Activity fund which the Department uses to pay for registration fees for families that otherwise could not afford to let their children participate. This category is also funded from any auctions or sales of surplus equipment. Similarly, our officers and staff personally donate monthly funds to a Youth Scholarship fund which awards an annual \$1000 college scholarship to a worthy graduating senior at Molalla High School. There is also a small portion of revenue that comes from traffic citations that is directed to be used for emergency vehicle replacement and related issues. Below are direct Hyperlinks to the application if you are viewing this online.

Capital Improvement Fund

The Capital Improvement Fund is used to account for resources and expenditures needed to finance the building or acquisition of capital facilities that are non-recurring major expenditures. In FY23-24, the Capital Improvement fund will receive revenues from:

- 1) Transfers in from the Capital Improvement line of each of the City's System Development Charge funds except Sewer which is being preserved for the new wastewater treatment plant.
- 2) Transfers in from the Capital Improvement line of each of the City's Enterprise funds.
- 3) Loan funds for the Wastewater Treatment Plant.
- 4) Various awarded Capital Improvement Grants.

The revenues received from each of the above resources will be used primarily to implement the City's 5-Year Capital Improvement Plan, and secondarily to respond to emergency capital repairs and take advantage of opportunities to complete Capital projects in the 20-year Capital Plan when the circumstances allow for a discount. The following is the list of planned projects for Fiscal Year 23-24 and two new project accounts that the city expects to fund annually if able.

New Program - Sidewalk Infill – This program will support a proposed new sidewalk infill program. The program will be devised and implemented in consultation with the City Council. Staff will propose a program to assist individual residents in constructing sidewalks along their frontage. This will help bring underdeveloped neighborhoods up to modern standards and provide assistance to small residential developments.

New Program - Cured in Place Piping – This program will support continued work to reduce inflow and infiltration into the Wastewater System. This new strategy is not used on every existing pipe in need of repair or refurbishment but is reserved for use on pipes that will ensure the strategy is effective. In essence, this line offers pipe refurbishment at a discount of 90%-95%!

Wastewater Treatment Plant Upgrade – This project will design, construct, and permit a new Wastewater Treatment Plant in Molalla. The new plant is of the Sequenced Batch Reactor type and will replace the existing facultative lagoon system, which means less room needed for treatment and more room for clean water storage, as well as a reduced carbon footprint and the potential for better quality treated effluent. In FY 22-23 the City is projected to finalize design and financing. City staff is hard at work soliciting forgivable funding assistance (instead of loans) from various state and federal agencies as well as state and federal legislators.

Civic Center Improvements – This project provides needed upgrades, completes deferred maintenance, and ensures ADA accessibility at the Molalla Civic Center. Most of this project was completed in FY22-23 through use of ARPA funds, building maintenance funds, and Molalla Urban

Molalla's Newest Park - Strawberry Park - made possible in part by a generous donation from Molalla Communications Company!

Renewal Funds. A CDBG grant for \$100,000 is also being used to perform ADA upgrades that will continue into FY23-24.

Molalla Forest Road Project Phase 3 – This project will complete the roadway improvements on Molalla Forest Road from the bike ped bridge adjacent to OR-211 North to Toliver Road. It includes a continuation of the bike ped path north of the bridge, then completes the connection of Forest Ln and improves Molalla Forest Road between Toliver and the bridge.

water main to serve the undeveloped Industrial area on the south side of town. Over the last year Molalla has lost two potential developments that would have brought up to 100 jobs to the City due to the underdeveloped infrastructure in the Industrial area (Power and Water). This project will greatly reduce the cost to locate and do business in Molalla’s industrial area which ultimately provides new, good paying jobs, to the community.

Section St. – Two years ago, Section St. was designated as part of the truck route in Molalla but lacks the sidewalks and paved width that should accompany such a route. In that vein, the city has budgeted to bring most of Section St. up to par using a Fund Exchange Grant from ODOT.

Stormwater Master Plan – Notably absent from the list of public projects is any project aimed at improving the City’s stormwater system (though many street projects do). This is due to an out-of-date Stormwater Master Plan. In FY22-23 the City procured consultant services to complete the master plan update. This work should take approximately one year and be completed in mid-2024.

2MG Water Tank and Water Intake Move – Both of these projects are slated for design in FY23-24. In FY22-23 the City entered into a purchase option agreement for the property necessary to construct the 2mg tank, this year will be spent in due diligence and design.

Water Pressure Zones – City staff identified this project as an emergency effort in FY 22-23; this is due to an inordinate number of main breaks associated with high pressure in the system, and with siphoning that occurred during a break due again to those pressures. This project is currently in design and should begin construction circa late summer of 2023.

Basket #3 of the New Disk Golf Course at Ivor Davies Park!

Pickleball in Long Park – This project is being completed with substantial financial support from MCC and Sports Court. The project is ready to go whenever the weather complies, and if it does this project may be completed by the time this budget is adopted. If not, it will be completed in FY23-24.

Parks Master Plan – City Staff is preparing to solicit bids for a Parks Master Plan update. This plan is again quite out of date, which means reduced opportunities for funding and project completion. The Parks have gotten a great deal of attention over the last couple of years, so this will be a good

pause to engage the community and determine how the remainder of the City's parkland, and any new dedications, are developed.

Fleet Replacement Fund

The Fleet Replacement Fund is a Special Revenue fund that accounts for the purchase and replacement of vehicles and other fleet equipment. Revenues for this fund are exclusively transfers in from enterprise funds, and governmental funds for fleet vehicle purchases. In addition to the purchase of fleet vehicles, this fund acts as a savings account for future vehicle purchases which allows the city to avoid interest payments and other fees associated with financing by having cash on hand for these purchases.

The FY23-24 budget continues a budgeting strategy that allows city staff to more easily account for funds carried from year to year, and to provide flexibility for vehicle purchasing as needed. This flexibility allows the city to use vehicles right up to the end of their useful life when the cost to maintain exceeds the value of the asset. Instead of preordaining vehicle purchases to replace vehicles that may not need replacing or failing to anticipate a seemingly reliable vehicle becoming unusable, staff can use and maintain a vehicle until it does not make fiscal sense to do so, then replace it when necessary.

Sewer Fund

These Lagoons have served for the City's needs for many years, but population now exceeds their capacity. A new Plant is in Design.

The Sewer Fund is an Enterprise fund that is required to function like a utility business. This fund accounts for income received through sewer user fees and costs associated with the sewer system including operations, maintenance, personnel, and some capital improvements of the City's sewer system and wastewater treatment plant.

FY 23-24 is projected to be more of the same for the Sewer fund which has been performing limited capital projects in deference to the new wastewater treatment plant required to be operational before January of 2026. The new plant is currently at 90% design completion and construction bidding is expected to begin circa October to November of 2023. City staff continues to pursue forgivable funding sources to help

offset the debt service costs for the new facility and will continue to hold substantial funds in reserve for potential match funds if a funding resource is attainable. The reserved funds will be used to offset construction costs either at face value, or as part of a larger grant package.

In FY22-23 the City completed the 5th of 7 high priority sewer system projects to reduce Inflow and Infiltration which ultimately improves the lifespan of a Wastewater Treatment Plant by ensuring less ground water makes it into the treatment process. Additionally, City staff is in the process of mitigating damage to the aeration basin through installation of aeration pumps in the lagoons. This project is a necessary stop gap between the old plant and the new plant that mitigates the outrageous cost of reconstructing the aeration basin just to turn around and remove it one year later. City staff has also adopted the Cured in Place Pipe (CIPP) method to increase the lifespan of existing sewer pipes by 30-40 years. This approach reduces the cost of repairing/replacing most sewer lines by about 80%. This year City staff were able to complete an emergency sewer main replacement near Molalla Ave & OR-211, and used the CIPP method to renew the lifespan of sewer mains on Toliver and on S Molalla Ave.

Biosolids Removal is now a continuous operation at Molalla's Wastewater Treatment Plant

Explanation of Significant Budget Variances

2024 Adopted Budget vs 2023 Projected Actual

- Funding of DEQ Loan for WWTP increase of \$21,226,521
- Merged Sewer “Operations & Maintenance” account lines
- Vehicle Repair increase by \$13,000
- Increased Contingency / Reserve by \$1,356,517 from prior year

Summary of Explanations Above

The full funding of the DEQ Loan constitutes most of the growth in this year’s budget compared to last year’s budget. It’s possible that we will draw down the entire loan in the upcoming budget year, that is why we are allocating money to do so in our projections. Having (2) separate account lines named the same was no longer a necessary distinction needed between Sewer Operations & Sewer Maintenance. To simply create less work for staff we merged the two accounts into one. Vehicle repair is due to replacing a truck bed with a flatbed to use as a fuel transfer. By increasing the contingency reserve, the intention is to reserve beginning fund balance for the 24/25 FY.

Goals for 2024

- ✓ To continue I&I Biosolid Removal work.
- ✓ To continue work on new Wastewater Plant have operational by 2026.
- ✓ To continue to reduce costs by repairing/replacing sewer lines.

2023 Accomplishments

- ✓ The City has completed 5 of its 7 high priority sewer projects to reduce inflow and infiltration.
- ✓ Adopted a (CIPP) Cured in Place Pipe method to increase the lifespan of the existing sewer pipes.

Goals Aligned with Molalla Area Vision and Action Plan 2030 (Focus Area #2)

Develop the physical infrastructure needed to support a welcoming community.

- Increased communication through the [Molalla Current](#), which supports infrastructure needs and a welcoming community.

Fostering Socially welcoming activities and embrace diversity as our strength.

- Participates in the City-Wide Newsletter that offers a bilingual version.
- Molalla Current can also be easily converted to Spanish.

Engage youth:

- Participated in the Career Fair at Molalla High School to encourage professional development.

Water Fund

Various Pictures of Molalla's Water Treatment Plant

The Water Fund is an Enterprise fund that is required to function like a utility business. This fund accounts for income received through water user fees and costs associated with the water system including operations, maintenance, personnel, and some capital improvements of the City's water system and water treatment plant.

Beginning fund balance is projected to increase slightly. While revenues from monthly user fees are expected to increase slightly based on the new rate schedule adopted in 2021, and the annual inflationary adjustment based on the Consumer Price Index.

Materials and Services costs for the overall system are projected to shrink by approximately 3% due to a reduction in the budget for water lab supplies that are only purchased at multi-year intervals.

In FY 22-23, the City entered a purchase option agreement to acquire land for the addition of a 2.0mg Water Storage Tank, complete a major water main replacement on Eckerd/Lola/2nd, completed a water main replacement adjacent to 525 W Main St., completed an emergency Water Main replacement on Toliver near Trinity Estates, and completed another major water main replacement on Toliver at the Elementary School/City Shops/Wastewater Treatment Plant.

All of this work helped bring Molalla's overall **water loss down from 36% to 21%**, a massive reduction and well on the way to the industry standard of 16%!

The budget for FY23-24 continues the aggressive capital improvement approach from FY22-23. It features a set of projects with the general aim of ensuring resiliency in the water system, and the specific aims included below:

1. Continuing design for the Water Intake relocation – to ensure raw water collection capacity is reliable.
2. Due Diligence and Land Use for the 2.0mg tank property – to ensure water storage capacity is sufficient.
3. 12” water main on S Molalla Ave (5th St. to Molalla Forest Road) – to mitigate water loss and prepare the industrial areas on the south side of town for industrial development.
4. Installation of pressure reducing valves – to drastically reduce the number of water main breaks and eliminate siphoning when a main break does occur.

Explanation of Significant Budget Variances

2024 Adopted Budget vs 2023 Projected Actual

- Merged Water “Operations & Maintenance” Account Lines
- Increased Contingency / Reserve by \$840,022 from prior year.

Summary of Explanations Above

Having (2) separate account lines named the same was no longer a necessary distinction needed between Water Operations & Water Maintenance. To simply create less work for staff we merged the two accounts into one. By increasing the contingency reserve, the intention is to reserve beginning fund balance for the 24/25 FY.

Goals for 2024

- ✓ Continuing design for the Water Intake move
- ✓ To mitigate water loss and prepare the industrial areas.
- ✓ Install pressure reducing valves to reduce the amount of water main breaks and to eliminate siphoning.
- ✓

2023 Accomplishments

- ✓ Completed a water main replacement adjacent to 525 W Main St
- ✓ Completed an emergency Water Main replacement on Toliver near Trinity Estates
- ✓ Water main replacement on Toliver at the Elementary School/City Shops/Wastewater Treatment Plant
- ✓ Water loss down from 36% to 21%.
- ✓ Supported FOCUS AREA #2 (see below)

Goals Aligned with Molalla Area Vision and Action Plan 2030 (Focus Area #2)

Develop the physical infrastructure needed to support a welcoming community.

- Increased communication through the [Molalla Current](#), which supports infrastructure needs and a welcoming community.

Fostering Socially welcoming activities and embrace diversity as our strength.

- Participates in the City-Wide Newsletter that offers a bilingual version.
- Molalla Current can also be easily converted to Spanish.

Engage youth:

- Participated in the Career Fair at Molalla High School to encourage professional development.

Stormwater Fund

The Storm Fund is an Enterprise Fund that provides the labor, equipment, and supplies necessary to operate and maintain the City Storm / Sewer System.

The mission of the Storm System is twofold, (1) to handle flooding adequately, and (2) achieve compliance with environmental regulations. The primary source of revenue for this fund is a User Fee, which appears on the City's utility bills monthly, and is expected to increase slightly due to an annual inflation increase based on the Consumer Price Index.

The City of Molalla teaches the community about Stormwater at the Giant Street Parade!

In FY22-23 the City received a new street sweeper, completed a decant facility, completed a required Mercury amendment to the City's Total Maximum Daily Load plan (TMDL), and began the procurement and public contracting work to update the City's out of date Stormwater Master Plan.

The new Decant Facility located at the PW Shops

The new Decant Facility will take sludge debris from catch basins and storm sewers for the purpose of drying to minimize haul-away costs which are normally based on weight. Notably, the City has been named a "Designated Management Agency" in the new Willamette Basin Mercury Total Maximum Daily Load (TMDL). The City has proposed to DEQ that compliance with these new rules will be largely centered around the Decant Facility and its operation, which will eventually include testing of decanted stormwater

for mercury and other constituents.

In FY23-24 the Stormwater Fund will limit project spending to updating the Stormwater Master Plan. The new plan will provide Molalla with a Capital Improvement Plan purposed to eliminate flood prone areas and continue to develop a stormwater system that mitigates any future flooding concerns while ensuring appropriate treatment and retention of stormwater.

Explanation of Significant Budget Variances

2024 Adopted Budget vs 2023 Projected Actual

- Increased Contingency / Reserve by \$137,886

Summary of Explanations Above

By increasing the contingency reserve, the intention is to reserve beginning fund balance for the 24/25 FY.

Goals for 2024

- ✓ Continue working on the stormwater masterplan.

2023 Accomplishments

- ✓ Completed the Decant Facility.
- ✓ Completed a required Mercury amendment to the City's Total Maximum Daily Load plan (TMDL)

Goals Aligned with Molalla Area Vision and Action Plan 2030 (Focus Area #2)

Develop the physical infrastructure needed to support a welcoming community.

- Increased communication through the [Molalla Current](#), which supports infrastructure needs and a welcoming community.

Fostering Socially welcoming activities and embrace diversity as our strength.

- Participates in the City-Wide Newsletter that offers a bilingual version.
- Molalla Current can also be easily converted to Spanish.

Engage youth:

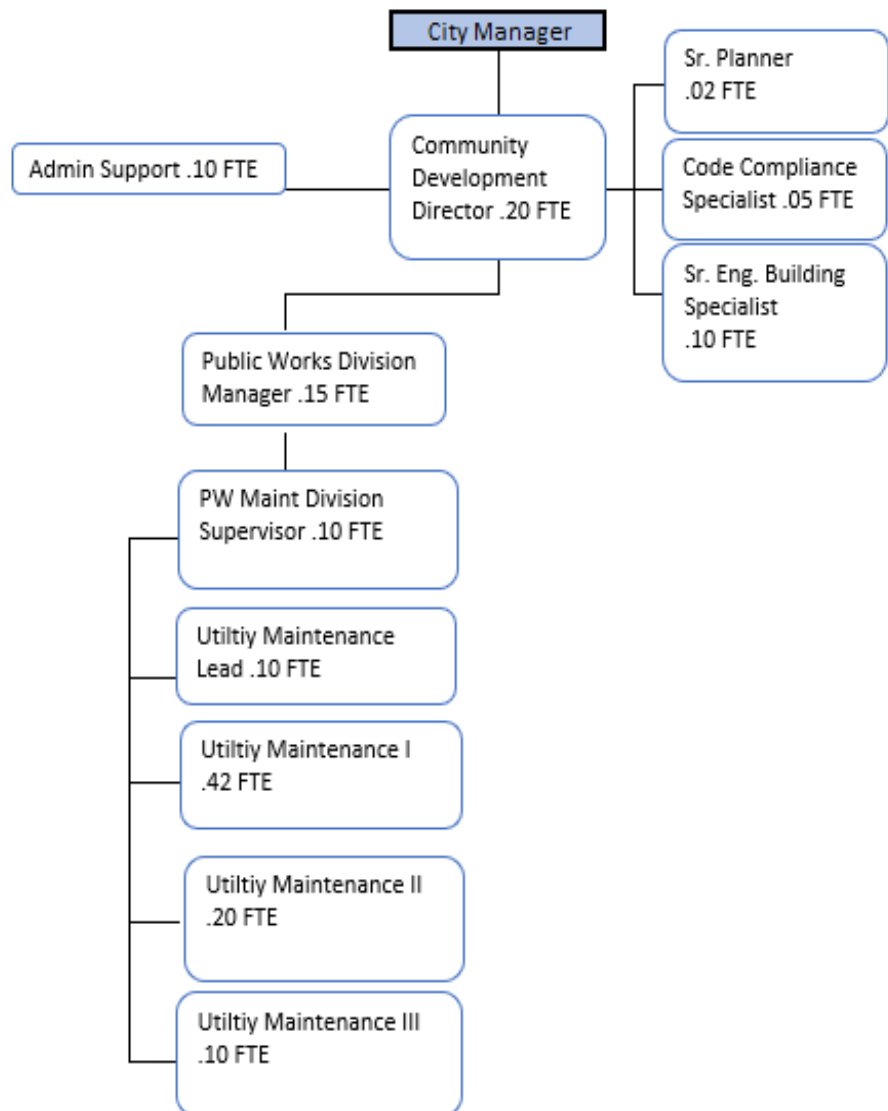

- Participated in the Career Fair at Molalla High School to encourage professional development.

System Development Charges

System Development Charges (SDC's) are the fees collected from new development to account for their impacts on the existing systems and to pay their portion for required increases in system capacity; they are classified as Reimbursement SDC's and Improvement SDC's. Each city managed infrastructure system collects its own SDC's, those systems are Water, Sewer, Stormwater, Transportation (Streets), and Parks (for residential development only).

Improvement SDC's may only be used on projects that are in the adopted Capital Improvement Plan and have been determined to increase system capacity. Additionally, they may only contribute to that portion of the project that actually increases system capacity.

Reimbursement SDC's may be used on any capital project within the system for which they were collected.

SDC METHODOLOGY OVERVIEW

Oregon Revised Statutes 223.297 through 223.314 provide the statutory basis for application of System Development Charges. These statutes are intended to provide a uniform framework for the development of equitable funding to support orderly growth.

The City's updated methodologies identify current "replacement value" for all existing improvements to establish the basis of the Reimbursement Fee. The basis for the Improvement Fee is the "estimated cost" of improvements not yet constructed, but needed, to serve future populations.

An example of the SBR type Wastewater Treatment Plant that will be built in Molalla, in part with Sewer SDC's

Existing improvements typically have surplus capacity for future users as well as deficiencies in serving the existing users. Similarly, projects on the Capital Improvement Plan list are required to provide capacity for future users. They also frequently resolve deficiencies in service to the existing users. To account for the available capacity in the City's infrastructure and the concurrent need to undertake capital improvements to resolve deficiencies, the Molalla SDC Methodologies include a combination of both Reimbursement Fees and Improvement Fees.

To assure an equitable allocation of costs between existing and future users, the value of all existing facilities and the estimated cost of all future improvements are allocated to all users, current and future equally, based on their proportionate use of the available capacity. This methodology avoids double charging for capacity and is also independent of current population. With this approach there is no need to identify the percentage of remaining capacity to serve future users, nor to estimate future population growth. This allocation is dependent only upon the ultimate capacity of the facility and the value or cost of the facility.

SDCs are typically collected with the issuance of building permits, or at the time of an increase in system impacts. As a result, the unit of measure for allocating SDC costs is defined in various unique

forms for each infrastructure system but is generally based on the impact of one single-family residential unit which is adopted to be one Equivalent Dwelling Unit (EDU).

SDC ADMINISTRATION REQUIREMENTS

Per ORS 223.311, System Development Charge revenues must be deposited in dedicated accounts and an annual accounting prepared identifying amounts collected for each utility, amounts spent on each qualified project, and the annual cost of complying with these requirements.

The statute mandates that Reimbursement fees may be expended on any capital improvements or associated debt service within the subject infrastructure. Improvement Fees may only be spent on projects included in the Capital Improvement Plan for each infrastructure, including associated debt service. Accordingly, it is important to account for reimbursement and improvement fees separately.

Projects Using SDC's in FY22-23

The City is required to create and post an annual SDC report on the City's website. To review that report please visit the Engineering page of the City Website [Go, HERE!](#)

Projects Projected to Use SDC's in FY23-24

Several projects have been identified for FY 23-24 that will utilize system development charge fees for increasing system capacity. The following is a list of those projects:

Various Members of the Molalla City Council, Molalla Communications Board, and both staffs, pose for a picture at the new Strawberry Park. This park was funded by a generous grant from MCC and Parks SDC funds!

Sewer SDC

- Sewer SDC's are being preserved to facilitate the New Wastewater Treatment Plant project.

Water SDC

- New Water Intake Design
- New 2.0mg Water Storage Tank property acquisition, due diligence, and design

Street SDC

- Sidewalk Infill Program – this project will create a fund to assist property owners in developing sidewalks where none has yet been placed.
- Metzler & OR-211 Sidewalk Infill
- Molalla Forest Road & Bike Ped Path development between OR-211 and Toliver
- Sidewalk infill along OR-211 from Hezzie Ln. to Ona Way

Parks SDC

- Parks Master Plan Update

Stormwater SDC

Sewer Debt Retirement Fund

The sewer debt retirement fund is the fund from which debt principal and interest is paid. In the 2022/23 budget, the sole debt being processed through this fund is the sewer portion of the Full Faith & Credit Financing Series 2020 bond. That bond paid off the 2005 CWSRF Bond. For the 2023/24 budget, the fund is being set up to include all sewer-related debt. Sewer debt is paid by transfers from the Sewer Fund.

Explanation of Significant Budget Variances

The Clean Water State Revolving Fund Loan drawn thus far is for the design phase of required Wastewater Treatment Plant improvements. Additional funding through this program is available and will be accessed for construction. The process of securing the agreement is underway, but currently there is insufficient information to budget potential debt service payments. A supplemental budget may be required if any new loan agreement includes debt payments in 23/24.

There are no reserve funds required by the 2020 agreement. The current CWSRF loan reserve requirement is budgeted.

2023 Accomplishments

- ✓ Total City bonded debt per capita as of June 30, 2022 was \$323.
- ✓ Total City bonded debt as of June 30, 2022 utilized less than 14% of the statutory debt limit.
- ✓ By consolidating all sewer-related debt into a single fund, we have enabled more flexibility as we partner with governmental agencies for funding.
- ✓ To begin preparing for additional future debt service needs, we have budgeted an additional \$150,000 to the debt reserve.

RE: Molalla Urban Renewal Agency – 2023-2024 Budget Transmittal Memo

I am pleased to submit the proposed Budget for the City of Molalla Urban Renewal Agency for the Fiscal Year 2023-2024. This proposed Budget includes action items and projects identified within the Urban Renewal Plan. Each of these projects is identified to promote community Economic Development and revitalization through transportation, infrastructure, and streetscape improvements.

Urban Renewal is a tool used to help improve and spur Economic Development within a specific district by using Tax Increment Financing (TIF) to implement capital improvements and other projects within the District. The basic purpose of Urban Renewal is to increase the total assessed value of the District, and during the District timeline, use the funds derived from that increase in assessed value to fund various projects in the Urban Renewal Plan. Once the District expires, the full assessed value of the District comes back on the tax rolls and the increased revenue goes into the City’s General Fund.

We began our current push to use MURA funds to improve Molalla in 2020 when the Urban Renewal Agency updated the Urban Renewal Plan. Project development and completion have a longer timeline today, but we made substantial progress on identified and approved projects since the adoption of the updated Plan as follows:

1. Future Police Facility property purchase – Complete
2. Molalla Avenue/Highway 211 signalization- Complete
3. Main Street/Hwy 211 widening – Partial completion/Additional projects commencing
4. Percentage/preparation for new Police Facility and property acquisition – On-going
5. Opportunity/Streetscape projects – On-going
6. Sawyers Trucking – On going

We have scaled back large project emphasis on new projects for 2023 – 2024, except for due diligence and smaller scale improvements to the Molalla Forest Road. However, two other projects we are proposing are Opportunity Partnerships or public/private partnerships within the district and ongoing work toward the new Police Facility.

2023 – 2024 MURA Projects as presented:

1. Molalla Forest Road - \$500,000
2. Opportunity Partnerships - \$200,000
3. Police Facility Progression - \$1,623,670 (Gap Funding/Early Procurement)

One area of note is that many projects today require additional time to either begin or be completed. We have projects that have been identified for opportunity partnerships that have yet to commence. Rather than discontinue these projects Staff has carried these projects forward amounting to funding of \$600,000 for projects identified but yet to be funded, over a 3 year period.

TIF revenue for the 2022-2023 tax year continues to increase at a greater rate than anticipated. Within the 2022-2023 Budget we anticipated \$756,000 in TIF revenue for the Fiscal Year. By April of our Fiscal Year, we have received \$864,395. We expect that number to increase to approximately \$873,000 by the end of the Fiscal Year. Based on anticipated development and redevelopment within the District, we will see revenue increase to \$1,000,000 over the next two years. We have budgeted \$532,211 in debt service for the 2023-2024 fiscal year.

The significance of Molalla’s continued increases in our level of revenue is that we are generating funds to pay back debt. This tax financing option is used to create debt to initiate development and projects that would not be financially feasible without the infrastructure improvements made possible by Urban Renewal.

The proposed FY 2023-2024 Budget for the MURA is balanced as required by Oregon State Budget Law.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dan Huff', written in a cursive style.

City of Molalla

Budget Policy

Adopted July 24, 2019

Resolution 2019-17

This document supersedes any and all previous budget policies.

I. Purpose

The purpose of this policy is to establish guidelines for The City of Molalla (City) to account for public funds, to manage municipal finances wisely, and to plan for the provision of services desired by the public through the budget cycle.

This policy is designed to provide conceptual standards for financial decision-making, enhance consistency in financial decisions, and establish parameters to use in directing the day-to-day financial affairs of the City.

II. Scope

This policy governs the budgeting process, monitoring of budget execution, performance monitoring, and any revision of the budget.

III. Objectives

The primary objectives of budget activities shall be:

- To ensure that the annual budgeting process is performed timely and supports the City's financial and operational planning objectives and processes.
- To ensure actual versus budget is reviewed and monitored for significant variances.
- To ensure that expenditures made are in line with program objectives.
- To ensure that budgets are reviewed periodically for relevance and revised as necessary.

To the extent possible, the City's budget process will:

- Incorporate a long-term perspective,
- Establish linkages to broad organizational goals,
- Focus budget decisions on results and outcomes,
- Involve and promote effective communication with stakeholders, and

IV. Policy Statement

A. Oregon Local Budget Law

The City is subject to the requirements of Oregon Local Budget Law under ORS Section 294.

B. Long-term Focus

The City recognizes the importance of long-term strategic planning. Similarly, it recognizes that prudent financial planning considers the multi-year implications of financial decisions. The City shall maintain a long-term focus in its financial planning that is mindful of the long-term objectives of the City.

C. Conservatism

Revenues will be projected conservatively, but realistically, considering:

1. past experience,

2. the volatility of the revenue source,
3. inflation and other economic conditions, and
4. the costs of providing the related service.

Expenditures will be projected conservatively considering:

1. a conservative but likely scenario of events (versus “worst case”),
2. specific, identified needs of the program or service,
3. historic consumption and trends, and
4. inflation and other economic trends.

D. Matching Concept

The City will make an effort to match one-time resources with one-time uses in the development of the budget. Similarly, recurring resources will be identified with recurring uses to the extent possible.

If it becomes necessary to use one-time resources to balance the City’s budget, a plan for achieving a structural balance will be developed simultaneously that identifies revenue enhancements or expenditure decreases to bring the budget back into balance

E. Contingencies and Unappropriated Ending Fund Balance

Contingencies will be budgeted in all operating funds to provide flexibility and to address unforeseen circumstances that may arise after the budget is adopted. There shall be no expenditures from contingencies. Transfers of appropriations to expenditure categories may be made with City Council approval.

The City will report an unappropriated ending fund balance in the debt service funds equal to the first scheduled debt service payment of the subsequent year. Unappropriated fund balances may not be appropriated or spent. Unappropriated balances will then be available and appropriated in the following year to ensure adequate resources to cover debt service.

F. Budget Development

1. The operating budget is the City’s financial operating plan. All funds will be subject to appropriation by the City Council.
2. The budget will be balanced for each fund. The proposed cash resources of each fund (beginning of year fund balance plus estimated receipts) will equal or exceed appropriations. When necessary, the following budget-balancing strategies will be used, in order of priority:
 - a. Reduce expenditures through improved productivity.
 - b. Create new service fees or increase existing fees and charges.
 - c. Reduce or eliminate services.
3. Unencumbered appropriations lapse at the end of the fiscal year.

4. The City Manager shall serve as the City's Budget Officer, and as such will present the proposed budget to the Budget Committee for consideration and eventual approval. The Finance Director is the City Manager's alternate.
5. Public hearings will be held to obtain public input on the City's proposed and approved budget.
6. The City's budget shall be prepared on a budgetary basis. The budget will be sufficiently detailed to identify all significant sources and uses of funds. Adopted budget for current year data, second proceeding year actuals, and first proceeding year actual results will be presented for comparative purposes.
7. The budget will be adopted by the City Council no later than June 30.

G. Budget Modification

1. The adopted budget may be amended to transfer appropriations between funds or budget categories through resolution of the City Council.
2. A supplemental budget may be adopted by the City Council, following a public hearing, to increase the adopted appropriations of any fund.

City of Molalla

Debt Policy

Revised 03-09-2022

Resolution 2022-01

This document supersedes any and all previous debt policies.

I. Purpose

This Debt Policy for the City of Molalla (City) is established to help ensure that all debt is issued both prudently and cost effectively. This policy sets forth comprehensive guidelines for the financing of capital expenditures of the City. Adherence to the policy is essential to ensure that the City Council maintains a sound debt position and protects the credit quality of its obligations.

II. Governing Authority

The City’s debt policy shall be operated in conformance with Oregon Revised Statutes, applicable federal law and other regulatory requirements. The Finance Director will maintain the debt policy and develop recommendations for debt financing.

III. Scope

This policy applies to all financing activities of the City.

IV. Objectives

The objectives of the policy shall be that:

- i. the City obtain financing only when necessary,
- ii. the process for identifying the timing and amount of debt or other financing be as efficient as possible,
- iii. the most favorable interest rate and other related costs be obtained, and
- iv. when appropriate, future financial flexibility be maintained.

V. Conditions of Debt

1. Debt Limits

i. Legal Restrictions

- The City shall observe and comply with all legal restrictions including State constitution or law, local charter, by-laws, resolution or ordinance, or covenant, and bond referenda approved by voters.

ii. Public Policies

- The City shall observe and support appropriate public policy considerations including the purposes for which debt proceeds may be used or prohibited,
- The types of debt that may be issued or prohibited, the relationship to and integration with the Capital Improvement Program, and policy goals related to economic development, including potential public-private partnerships.

iii. Financial Restrictions

A. Direct Debt

The City shall develop and maintain financial information in the consideration and evaluation of its debt position including the ratio of debt

per capita, the ratio of debt to personnel income, the ratio of debt to taxable property value, and debt service payments as a percentage of general fund revenues or expenditures.

B. Revenue Debt

The City may consider issuance of revenue bonds as an alternative to other types of financing when the situation and conditions of the borrowing so indicate, and upon advice from financial advisors and/or bond counsel.

C. Conduit Debt

The City shall not engage in the issuance of conduit debt.

D. Short-term Debt

The City may engage in short-term financing if cash or working capital needs so dictate. All short-term borrowings should reflect the same objectives as those identified for debt financing above.

E. Variable Rate Debt

The City may consider issuance of variable rate debt as an alternative to other types of financing when the situation and conditions of the borrowing so indicate, and upon advice from financial advisors and/or bond counsel.

2. Debt Structuring Practices

The City shall consult with financial advisors and bond counsel, and within the framework of applicable accounting and reporting requirements to identify and implement sound debt structuring practices for each type of bond to the best advantage of the City, including:

- Maximum term
- Average maturity
- Debt service pattern (i.e. equal payments or equal principal amortization)
- Use of optional redemption features that reflect market conditions and/or needs of the City,
- Use of variable or fixed-rate debt, credit enhancements, short-term debt, and limitations as to when, and to what extent, each can be used, and
- Other structuring practices should be considered, such as capitalizing interest during the construction of the project and deferral of principal, and/or other internal credit support, including general obligation pledges.

3. Debt Issuance Practices

The City shall employ sound practices for debt issuance in the context of best practices and strong internal controls, including:

- Selection and use of professional service providers, including an independent financial advisor, to assist with determining the method of sale and the selection of other financing team members,

- Criteria for determining the sale method (competitive, negotiated, private placement) and investment of proceeds,
- Use of comparative bond pricing services or market indices as a benchmark in negotiated transactions, as well as to evaluate final bond pricing results,
- Criteria for issuance of refunding bonds, ~~and~~
- [Require external input and review regarding the specific methodology of recording new or refunded debt at the time such activity occurs, and](#)
- Use of credit ratings, minimum bond ratings, determination of the number of ratings, and selection of rating services.

4. Debt Management Practices

The City shall manage outstanding debt to the direct advantage of the City, and ultimately to the benefit of citizens. In doing so, the City shall:

- Establish and maintain appropriate funds and accounting structures to properly support budgeting, recording, and reporting of debt service activities,
- Establish, document, and maintain a system of internal control over debt activities including proper approvals for debt issuance and debt service payments, and
- Provide for periodic review of the City's debt position for purposes of reporting to the City Council and evaluation of opportunities for refunding or other adjustments to the portfolio.

City of Molalla

Expenditure Policy

Adopted July 24, 2019
Resolution 2019-17

This document supersedes any and all previous expenditures policies.

I. Purpose

The purpose of this policy is to establish guidelines for the City of Molalla to efficiently and effectively process expenditure transactions.

II. Scope

This policy is applicable to all expenditure transactions of the City.

III. Objectives

- A. To ensure a fundamental level of integrity, directness, and transparency in how the City spends public funds.
- B. To ensure City expenditures directly support services to customers and citizens.

IV. Policy Statements

- A. All payments due shall be paid as agreed . The City shall take advantage of vendor discounts to the extent practicable and available.
- B. All payments must be properly authorized and supported by appropriate documentation. Proper authorization may consist of an approved purchase order or direct approval on an original invoice or payment request. Approval is based on City Charter limits. Appropriate documentation consists of an original invoice or payment request and proof of receipt of goods and services. Payment shall not be made on copies of invoices.
- C. All checks require two (2) signatures, one of which is the Mayor or a City Councilor if available. Signers include the City Manager, Department Head, at least 2 Councilors and the Mayor. Payments other than by check require the same approval process.
- D. Expenditure-related duties shall be assigned to City staff in such a manner that there is appropriate separation of duties. Specifically, the initiation, authorization, and processing of expenditures shall be assigned to separate individuals.
- E. Access shall be restricted to City staff with direct responsibilities for expenditure-related functions, and only those functions as assigned.
 - 1. System access shall be assigned and maintained according to specific functional assignments and accessed by unique login and password, by employee.
 - 2. Access to blank check stock shall be restricted and under the control of the Finance Director. All check numbers in sequence shall be properly accounted for.
 - 3. Voided checks shall be appropriately cancelled (stamped or marked "void" and the signature lines removed) and retained until after completion of the annual audit.

City of Molalla

Fund Balance and Reserve Policy

Adopted July 24, 2019
Resolution 2019-17

This document supersedes any and all previous fund balance and reserve policies.

I. Purpose

The City wishes to maintain existing service levels and maintain a stable financial position during periods of economic uncertainty. To that end, the City will establish prudent reserves in certain funds in order to ensure financial stability throughout the fiscal year including provision for unforeseen contingencies and consideration to revenue timing. This policy establishes threshold minimums for the City's funds and is intended to serve as a guide for operational, budgetary, and policy decisions made by the City Council and management.

II. Definition

Fund balance is defined as the difference between assets and liabilities in a fund. Reserves are broadly referred to as the portion of fund balance held in reserve to provide a buffer against risk, unforeseen circumstances, or for planned future expenditures.

For purposes of this policy, the terms "fund balance" and "reserves" may be used together and interchangeably to refer to amounts retained in the City's various funds for purposes of offsetting risk, providing flexibility and stability, or for specific future expenditures.

An adequate fund balance is critical to lessen the impact of revenue shortfalls and/or unanticipated expenditures over time and provide a lower level of financial risk. Fund balance also serves as a source of bridge funding from year to year, allowing the City to maintain or transition to sustainable service levels.

III. Policy Statement

The City will establish and maintain a minimum fund balance in identified funds to:

1. Provide sufficient resources to meet cash flow needs;
2. Maintain an investment grade bond rating capacity;
3. Cover unforeseen emergencies;
4. Avoid short-term borrowing to fund operations; and
5. Set aside funds for major capital projects or equipment purchase when deemed appropriate.

Fund balance targets for respective funds are as follows:

General Fund

A minimum fund balance equal to three (3) months of operations or 20% of budgeted expenditures in the Fund.

Library Fund

A minimum fund balance equal to three (3) months of operations or 8% of budgeted expenditures in the Fund.

Street Fund

A minimum fund balance equal to three (3) months of operations or 15% of budgeted expenditures in the Fund.

Urban Renewal Agency Fund

A minimum fund balance equal to two (2) months of operations or 5% of budgeted expenditures in the Fund.

Enterprise Funds:

Water Fund

A minimum fund balance equal to three (3) months of operations or 15% of budgeted expenditures in the Fund.

Sewer Fund

A minimum fund balance equal to three (3) months of operations or 15% of budgeted expenditures in the Fund.

Storm Water Fund

A minimum fund balance equal to three (3) months of operations or 15% of budgeted expenditures in the Fund.

City of Molalla

Grants Management Policy

Adopted July 24, 2019
Resolution 2019-17

This document supersedes any and all previous grants management policies.

I. Purpose

To assist City of Molalla (City) personnel involved in pursuing, acquiring, and administering federal grant funding by providing clear guidelines for alignment with the overall purpose of the City and with specific project goals. While specifically addressing requirements of federal funding, this policy shall also be applied to non-federal grants and programs as appropriate.

II. Authority

The City Council shall ensure federal funds received by the City are administered in accordance with federal requirements including, but not limited to, the federal Uniform Grant Guidance¹.

The City Council designates the City Manager or the Finance Director as the City’s primary contact for all federal programs and funding. Administration and management of individual funding programs shall be accomplished by the respective departments working in conjunction with the Finance Director or designee.

III. Policy Statement

The City encourages the consideration of grants as a funding source for established or planned projects as appropriate. Grant funding should only be pursued as it relates to current or planned projects, and not funding for projects yet to be identified.

The Finance Director shall establish and maintain a sound financial management system. The system shall ensure internal controls and federal grant management standards address the receipt of both direct and pass-through federal grants, track costs and expenditures of funds associated with grant awards, maintain a high level of transparency and accountability, and document all applicable procedures².

A. Guidelines

Financial management standards and procedures shall ensure that the following responsibilities are fulfilled:

1. Identification

The City must identify in its accounts, all federal awards received and expended and the federal programs under which they were received.

2. Financial Reporting

Accurate, current, and complete disclosure of the financial results of each federal award or program must be made in accordance with the financial reporting requirements of the Governmental Accounting Standards Board (GASB) and generally accepted accounting principles for government.

3. Accounting Records

The City must maintain records which adequately identify the source and application of funds provided for federally-assisted activities.

4. Internal Controls

¹ Ref. 2 CFR Part 200

² Ref. 2 CFR Part 200

Effective control and accountability must be maintained for all funds, real and personnel property, and other assets. The City must adequately safeguard all such property and must ensure that it is used solely for authorized purposes.

5. Budget Control

Actual expenditures or outlays must be compared with budgeted amounts for each federal award. Procedures shall be developed to establish determination for allowability of costs with respect to federal programs.

6. Cash Management

The City recognizes Uniform Grant guidance with respect to cash management requirements and incorporate by reference..

7. Allowability of Costs

The City shall ensure that allowability of all costs charged to each federal award is accurately determined and documented.

B. Training

The City shall provide annual training to those employees with direct responsibility over various aspects of federal award management and administration. Training will include, but not be limited to, identification and differentiation of federal grants from other funding sources, identification of direct and material compliance requirements of federal awards, establishing and documenting effective internal controls over compliance, and proper use of the City's centralized grants management system.

C. Standards of Conduct

The City shall maintain standards of conduct covering conflicts of interest and the actions of the City Council and City employees engaged in the selection, award, and administration of federal grants and of all contracts.

All employees shall be informed of conduct that is required for federal fiscal compliance and the disciplinary actions that may be applied for violation of Council policies, administrative regulations, rules, and procedures.

The City shall communicate to all employees the importance of ethical and legal actions in dealing with grant-related programs and funds. The City shall reinforce its zero-tolerance position as appropriate to ensure proper awareness and attention to policies and procedures guiding appropriate employee activities related to federal award programs.

D. Grant Project Management

The City shall establish clear roles and responsibilities for post-award, close-out, and audit activities related to federal grant awards. Key personnel in consideration of those roles and responsibilities include, but are not limited to departmental Project Manager, Finance Director, City Manager, and the City Council.

The City shall establish a grants project team for each federal award consisting at a minimum of the departmental Project Manager and the Finance Director or his/her designee. This team shall have primary responsibility for managing all aspects of the award

program including, but not limited to, implementation and documentation of effective internal controls, compliance with stated program requirements, effective accounting and reporting to support both financial and compliance needs of the City and the federal program, and monitoring activities.

Roles and responsibilities will be identified with appropriate parties so as to provide efficient and effective administration of federal grant monies, effective internal control over financial reporting and related compliance, and effective project management.

E. Annual Risk Assessment

The Finance Director shall have responsibility to perform an annual risk assessment with respect to potential noncompliance related to the City's federal award programs. Such risk assessment will be documented and serve as the basis for further efforts to provide reasonable assurance of compliance with all applicable compliance requirements.

The City's departmental Project Manager identified to each respective federal grant program shall have primary responsibility for compliance with applicable requirements of the federal award. The Project Manager shall also have primary responsibility for establishing and documenting internal controls over compliance with respect to each identified compliance requirement so as to provide reasonable assurance that compliance is achieved.

F. Expenditure Review and Approval

Consistent with a strong system of internal controls, all grant-related expenditures shall follow established City policies and procedures with respect to procurement, approvals, and documentation. All grant expenditures shall require review and approval by the applicable departmental Project Manager to ensure compliance with all applicable requirements. Such review and approval shall be evidenced by an appropriate method (initials and date on expenditure documentation (purchase order, invoice, pay request, etc.), email, electronic approval, etc.). All grant-related expenditures shall be coded with the appropriate general ledger and project account numbers to accommodate proper accounting and reporting of grant amounts in the City's financial records and reporting to federal granting agencies.

G. Employee Time and Effort Reporting

All City employees paid with federal funds shall, in accordance with law, document the time they expend in work performed in support of each federal program. Time and effort reporting requirements do not apply to contracted individuals.

City employees shall be reimbursed for travel costs incurred in the course of performing services related to official business as a federal grant recipient. Such reimbursements shall be made on the basis of documentation as required under City policy.

The City shall establish and maintain employee policies on hiring, benefits and leave, and outside activities as approved by the City Council.

H. Procurement

The City shall establish and maintain a written procurement policy. The City shall follow that policy for all grant-related procurements.

I. Record Keeping

The City shall develop, document, and maintain a written Records Management Plan and related policy and administrative rules for the retention, retrieval, and disposition of manual and electronic records including email³.

The City shall ensure the proper maintenance of federal fiscal records documenting⁴:

1. Amount of federal funds.
2. How federal funds are used.
3. Total cost of each federally-funded project.
4. Share of total cost of each project provided from other, non-federal sources.
5. Evidence of the design and maintenance of effective internal controls over compliance.
6. Evidence of compliance with federal program requirements.
7. Significant project experiences and results (programmatic).

All records must be retrievable and available for federal monitoring, programmatic or financial audit purposes.

The City shall provide the federal awarding agency, Inspectors General, the Comptroller General of the United States, pass-through entities, or any of their authorized representatives, the right of access to any documents, papers, or other City records which are pertinent to federal funding awards. The City shall also permit timely and reasonable access to the City's personnel for the purpose of interview and discussion related to such documents⁵.

The Plan shall include identification of staff authorized to access records, appropriate training, and preservation measures to protect the integrity of records and data.

The City shall ensure that all personally identifiable information (PII) protected by law or regulations is handled in accordance with the requirements of applicable law, regulations, policy, and administrative regulations.

J. Subrecipient Monitoring

In the event the City awards subgrants of federal funds, the City shall establish written procedures⁶ to:

1. Assess the risk of noncompliance on the part of the subrecipient.

³ Ref 2 CFR Part 200.333-337

⁴ Ref. 34 CFR Sec. 75.730-732

⁵ Ref. 2 CFR Sec. 200.336

⁶ Ref. 2 CFR Sec. 200.330-331

2. Monitor grant subrecipients to ensure compliance with federal compliance requirements, state and local laws and policy and procedures.
3. Ensure the City 's record retention schedule addresses document retention on assessment and monitoring.

K. Compliance Violations

Employees and contractors involved in federally-funded programs and subrecipients shall be made aware of all identifying information and federal compliance requirements associated with the award. They shall also be made aware that failure to comply with federal requirements, law, regulation or terms and conditions of a federal award may result in the federal awarding agency or pass-through entity imposing additional conditions or terminating the award in whole or in part.

City of Molalla

Revenue Policy

Adopted July 24, 2019
Resolution 2019-17

This document supersedes any and all previous revenue policies.

I. Purpose

The purpose of this policy is to establish guidelines for City of Molalla to encourage diversification and stabilization of the revenue base in order to minimize the effects of fluctuations in revenue yield.

II. Scope

This policy is designed to provide general principles and guidelines to promote effective control over, and proper accounting of revenues from external sources and the related accounts receivable.

III. Objectives

- Revenue received by the City shall be utilized in accordance with this policy.
- Revenue received for specific funds within the City shall be utilized for expenses and obligations of that fund.
- All revenue is accurately recorded in the City 's accounting system in the period in which it is earned.
- Appropriate internal controls and sound financial business practices are adopted for the recognition and billing of revenue, the collection and timely recording and deposit of cash receipts, and the management of accounts receivable.

IV. Policy Statements

A. High level Roles and Responsibilities

The City will assign roles and responsibilities according to skills, knowledge, and expertise necessary to accomplish the respective tasks, and to maintain an appropriate separation of duties consistent with strong internal controls.

- The City Manager
 1. Provide guidance and advice on compliance to the political structures, political office-bearers and officials of the City.
- The Finance Director
 1. Administratively in charge of the budget;
 2. Advise the City Manager on the exercise of powers and duties assigned to the City Manager;
 3. Advise Senior Managers and other officials in the exercise of powers and duties assigned to them; and
 4. Must perform such budgeting, accounting, analysis, financial reporting, cash management, debt management, supply chain management, financial management, review and other duties as delegated by the City Manager to the Finance Director.
- Senior Management
 1. Managing and coordinating the financial administration of the City.
- Any Official or External Consultant duly appointed
 1. Performs any operation in respect to the revenue management given by the Finance Director or City Manager.

B. Determination of Fees and Charges

The City shall ensure that all fees and charges have a basis in the associated cost of

providing the related service. Full costing shall be determined for all services, including direct costs of materials, labor, and related services as well as any appropriate allocation of overhead or indirect costs. The City Council will decide full cost recovery or the percentage to be recovered.

C. Utility Billing

The City shall ensure the completeness and accuracy of billings to all utility customers as a basis for revenues collected.

- Water services

1. Application for water service shall be made in writing by the owner of the premises to be served, or the owner's agent duly authorized in writing on regular application forms furnished by the City. No service will be rendered until such application has been completed and the required payments made. All applications shall include signature of applicant, location of premises for which service is requested, address to which all bills shall be sent, and such additional data as the Council from time to time may require.
 - a. Applications for service shall be considered merely as a request for service, and they shall not bind the City or Council to provide service.
2. Meters shall be read on a regular cycle as a basis for accurate billing of usage to customers.
3. All charges for utility service shall be due and payable monthly on the date of mailing and become delinquent on the 16th of each month. A late fee set by resolution shall be assessed on any utility accounts, which become delinquent. After a customer's utility bill is delinquent, the Finance Director or designee shall mail to customer a notice stating:
 - a. That the utility bill is delinquent;
 - b. The amount necessary to cure the delinquency;
 - c. That the utility service to the property will be shut off 20 days after the date of the notice, unless the delinquency is paid in full.
 - d. After termination of utility service, the full account balance including the fees will be required before service can be restored. If notice is mailed as provided in this section, the City may shut off utility service to the property 20 days after mailing of the notice unless the total amount due is paid in full, but subject to the City's compliance with the options specified in subsection
4. Utility services disconnected for lack of payment of the utility bills will be assessed a disconnect/reconnect fee as set by resolution and shall not be restored until all past-due-bills, late fees, and any other utility charges or connection fees are paid in full.
 - a. The customer may request in writing a one-time emergency extension of payment (not to exceed 10 days) to avoid service

being shut off and a disconnect fee being charged. If customer defaults on this agreement the utility account will be shut off the morning after the agreement expires and a disconnect fee will then be charged.

- b. Any customer may request a waiver of their late fee in writing providing no other late fees have been assessed in the prior 12 months.
 - c. A customer may appeal a notice of utility shut-off by filing a written request for an informal hearing with the City within 15 days after the date of mailing of the notice. The appeal shall be filed with the City Manager and shall specify the reasons for the appeal. If an appeal is so filed, utility service shall not be disconnected before the business day after the announcement of the result of the hearing. The informal hearing shall be held as soon as is practically possible before the City Manager or designee. The City shall provide the customer reasonable notice of the date of the hearing. The customer may be represented by an attorney at the hearing, and any probative evidence shall be admissible. The hearing officer may affirm, overrule, or modify the notice of utility shut-off, considering applicable law and the nature of any hardship of the customer.
5. All payments shall be made to the City either by mail, online bill pay, at the office of the City, placed in drop box, or such other place as the Council may from time to time designate.
- Wastewater services
 1. Wastewater usage fees will be based on the winter average usage of water at the physical address listed for the account and will be reevaluated annually.
 - Surface water services
 - a. There is hereby established a surface water utility user charge, which shall be set by the City Council by resolution. The rate shall be in an amount reasonable and necessary to fund the administration, planning, design, construction, operation, maintenance and repair of the surface water management system. The surface water utility user charge shall be based upon the amount of developed impervious surface used by a customer. Owners or occupants of undeveloped property shall not be charged. Each customer using a location for one single-family residential use shall be charged a uniform rate based upon one equivalent development unit (EDU). For multifamily residential uses, the charge shall be one EDU per each residential unit. The charge for all other uses shall be based upon the total amount of measured impervious surface used, divided by one EDU and rounded to the nearest whole number. The actual service charge shall be computed by multiplying the amount of EDUs measured for each use by the rate established

for each EDU; provided, however, that the amount of EDUs measured shall be limited to 20 EDUs per use.

D. Detailed Role of Finance Director

- That the City had effective revenue collection systems
- That the revenue due to the City is calculated on a monthly basis;
- That all money received is promptly deposited in the City 's primary and other bank accounts;
- That the City has and maintains a management, accounting and information system which—
 1. recognize revenue when it is earned;
 2. accounts for debtors; and
 3. accounts for receipts of revenue;
- That the City has and maintains a system of internal control in respect of debtors and revenue, as may be prescribed;
- That the City charges interest on arrears, except where the Council has granted exemptions in accordance with its budget-related policies and within a prescribed framework; and
- That all revenue received by the City, including revenue received by any collecting agent on its behalf, is reconciled at least on a weekly basis.

E. Receipt of Revenue to the City

- Cash transactions are verified by two employees to ensure that cash is properly recorded and deposited.
- Receipts are given to all customers who pay with cash. Customers paying with check are offered a receipt and customers who pay with debit/credit are offered a confirmation number.

WHAT LOCAL BUSINESSES ARE SAYING...

Molalla's Small Business Advocacy Action Team created a Small Business Survey, garnering 35 responses from local business owners and/or operators in March 2021. What follows are a few key highlights from results.

- Business owners are **generally optimistic** despite a tumultuous 2020 – with most saying they either will expand or stay steady
- When asked about the top advantages of doing business in Molalla, an overwhelming majority pointed to the **small town feel and local community**

Q10 What are the top advantages of doing business within Molalla? List up to three.

area Day access Small town other home close local Close home
 people great business easy town work
 community advantage growing products Molalla
 Customer live help supporting by love

Which phrase best describes your plans to expand or reduce your operations in the next 1 or 2 years?

BUSINESS CLIMATE SUMMARY

ASSETS

- Well-rated high school
- Community feel, neighborly support
- Natural beauty and resources
- Economic diversity

CHALLENGES

- The availability and skill level of workforce
- Ability to navigate and keep up with the tax laws and government regulation
- Limited land availability
- Market support/shoppers
- Downtown parking is limited
- Limited roads in and out of town

Source: Molalla Small Business Survey

CHALLENGES

"There are way too many vacant buildings and small businesses have a hard time. Something needs to be done to help small businesses and encourage property owners to maintain their buildings and work with renters."

"We really need another store out here. I shop Winco, Trader Joe's and Costco because Safeway is always understaffed and overpriced. Maybe a lower priced store would keep people local for shopping!"

Available Industrial Space exists but is limited and little is 'on the market'

Only 1 Industrial space actively marketed (spring 2021)

- Molalla Forest Road Industrial Park
- 17,800 SF building on 14.55 AC lot

Undeveloped; but What's Buildable?

Vacant Heavy Industrial (M-2)
Within UGB: 128.99 ac

Vacant Light Industrial (M-1)
In UGB: 13.41 ac

OPPORTUNITIES

Retail Business Development

- Fill vacant business spaces;
- Expand retail base
- Marketing campaigns

Tourism Development

"More shopping and food options."

"More grocery stores!"

MEMORANDUM

TO: CITY MOLALLA
CHAUNEE SEIFRIED, FINANCE DIRECTOR

FROM: Bronson W. Rueda, County Assessor

DATE: March 15, 2023

SUBJECT: 2023-2024 Value Growth Estimates

Oregon’s property tax system limits the rate of growth of property value subject to taxation. Assessed value grows each year by a statutory 3% growth test on maximum assessed value and by new construction. Below is our estimated percentage of assessed value growth anticipated for your district in the 2023-2024 tax year.

<u>2022-2023</u> <u>Assessed Value (AV)</u>	<u>2023-2024</u> <u>Estimated Growth in (AV)</u>
\$746,492,690	3% - 3.5%

Your district’s permanent rate and Measure 5 compression loss for certified tax year 2022-23.

- Permanent tax rate: \$5.3058 per \$1,000 of Assessed Value
- Measure 5 compression loss: (\$ 3.44)

Measure 5 tax limits are \$10 per 1,000 in the government category and are calculated individually on every property. Depending on annual adjustments to Real Market Value, Measure 5 limits reducing revenue to districts can vary each year.

Annexations will cause the growth estimate to vary, so please consider that in your final analysis.

Other Factors can affect AV growth such as possible value reductions from appeals or changes in State industrial and Centrally Assessed property values outside of our authority. Additionally, this year we have noticed a significant decline in permits for construction. Due to these unknown changes, we are taking a conservative approach in our estimate.

This is an estimate only and is intended to provide assistance in your budgeting process. It is important to note actual AV growth can vary due to the unknown changes stated. Please call if you have any questions

Appendix - Glossary

Accrual basis. Method of accounting recognizing transactions when they occur without regard to cash flow timing [ORS 294.311(1)].

Activity. That portion of the work of an organizational unit relating to a specific function or class of functions, a project or program, a subproject or subprogram, or any convenient division of these. [ORS 294.311(2)].

Adopted budget. Financial plan that is the basis for appropriations. Adopted by the governing body [ORS 294.435].

Ad valorem tax. A property tax computed as a percentage of the assessed value of taxable property.

Agent. Generally, someone who is authorized to act for the local government, or who can make commitments or sign contracts in the name of the local government. Agency is the fiduciary relationship that arises when one person (a 'principal') manifests assent to another person (an 'agent') that the agent shall act on the principal's behalf and be subject to the principal's control, and the agent manifests assent or otherwise consents so to act.

Appropriation. Authorization for spending a specific amount of money for a specific purpose during a fiscal year. It is based on the adopted budget, including supplemental budgets, if any. It is presented in a resolution or ordinance adopted by the governing body [ORS 294.311(3)].

Approved budget. The budget which has been approved by the budget committee. The data from the approved budget is published in the Financial Summary before the budget hearing [ORS 294.406].

Assessed value. The value set on real and personnel property as a basis for imposing taxes. It is the lesser of the property's maximum assessed value or real market value.

Assessment date. The date on which the value of property is set, January 1 [ORS 308.210, 308.250].

Audit. The annual review and appraisal of a municipal corporation's accounts and fiscal affairs conducted by an accountant under contract or the Secretary of State [ORS 297.425].

Audit report. A report in a form prescribed by the Secretary of State made by an auditor expressing an opinion about the propriety of a local government's financial statements, and compliance with requirements, orders, and regulations

Balanced budget. A budget in which the resources equal the requirements in every fund.

Bequest. A gift by will of personnel property; a legacy.

Biennial budget. A budget for a 24-month period.

Billing rate. The tax rate used to compute ad valorem taxes for each property

Budget. Written report showing the local government’s comprehensive financial plan for one fiscal year. It must include a balanced statement of actual revenues and expenditures during each of the last two years and estimated revenues and expenditures for the current and upcoming year [ORS 294.311(5)].

Budget committee. Fiscal planning board of a local government, consisting of the governing body plus an equal number of legal voters appointed from the district [ORS 294.336].

Budget message. Written explanation of the budget and the local government’s financial priorities. It is prepared and presented by the executive officer or chairperson of the governing body [ORS 294.391].

Budget officer. Person appointed by the governing body to assemble budget material and information and to physically prepare the proposed budget [ORS 294.331].

Budget period. For local governments on a biennial budget, the 24-month period beginning July 1 and ending June 30 of the second following calendar year. See also “Fiscal year.”

Budget transfers. Amounts moved from one fund to finance activities in another fund. They are shown as expenditures in the originating fund and revenues in the receiving fund.

Capital outlay. Items which generally have a useful life of one or more years, such as machinery, land, furniture, equipment, or buildings [ORS 294.352 (6)].

Capital projects fund. A fund used to account for resources, such as bond sale proceeds, to be used for major capital item purchase or construction [OAR 150-294.352 (1)].

Cash basis. System of accounting under which revenues are accounted for only when received in cash and expenditures are accounted for only when paid [ORS 294.311 (9)].

Category of limitation. The three categories in which taxes on property are placed before the constitutional limits can be tested—education, general government, excluded from limitation [ORS 310.150].

Consolidated billing tax rate. The combined total of the billing rates for all taxing Districts in a code area. Does not include the billing rate for any urban renewal special levies or non-ad valorem taxes, fees, or other charges.

Constitutional limits. The maximum amount of tax on property that can be collected from an individual property in each category of limitation (Art. XI, sect. 11b, OR Const.).

Debt service fund. A fund established to account for payment of general long-term debt principal and interest [OAR 150-294.352 (1)].

Devise. A gift by will of the donor of real property.

District. See “Local government.”

Division of tax. Division of tax refers to the process of, and revenue from, apportioning tax to urban renewal agencies based on the relationship of the excess to frozen value, a.k.a. tax increment revenue.

Double majority. A term that refers to an election where at least 50 percent of the registered voters eligible to vote in the election cast a ballot and more than 50 percent voting approve the question.

Education category. The category for taxes that will be used to support the public school system and are not used to pay exempt bonded indebtedness [ORS 310.150(2)].

Encumbrance. An obligation chargeable to an appropriation and for which part of the appropriation is reserved [ORS 294.311(10)].

Enterprise fund. A fund established to account for operations financed and operated in a manner similar to private business enterprises. They are usually self-supporting. Examples of enterprise funds are those for water, gas, and electric utilities, swimming pools, airports, parking garages, transit systems, and ports [OAR 150-294.352(1)].

Estimate. (v) To arrive at a rough calculation or an opinion formed from imperfect data. (n) The resulting amount.

Excluded from limitation category. The category for taxes used to pay principal and interest on exempt bonded indebtedness [ORS 310.150(2)].

Exempt bonded indebtedness. 1) Bonded indebtedness authorized by a specific provision of the Oregon Constitution, or 2) bonded indebtedness issued as a general obligation on or before November 6, 1990, incurred for capital construction or capital improvements, or 3) bonded indebtedness issued as a general obligation after November 6, 1990, incurred for capital construction or capital improvements with the approval of the electors of the local government. Bonded indebtedness issued to refund or refinance any bonded indebtedness described above is also included [ORS 310.140(7)].

Existing plan. An existing urban renewal plan is defined as a plan that existed in December 1996 and 1) chose an option and 2) established a maximum amount of indebtedness by July 1998 and has not been amended to increase the land area or maximum indebtedness [ORS 457.101(4) (a)].

Expenditures. Total amount incurred if accounts are kept on an accrual basis; total amount paid if accounts are kept on a cash basis [ORS 294.311(16)].

Fiscal year. A 12-month period to which the annual operating budget applies. The fiscal year is July 1 through June 30 for local governments [ORS 294.311(17)].

Fund. A fiscal and accounting entity with self-balancing accounts to record cash and other financial

resources, related liabilities, balances, and changes, all segregated for specific, regulated activities and objectives.

Fund balance. The fund equity of government funds.

Fund type. One of nine fund types: General, special revenue, debt service, capital projects, special assessment, enterprise, internal service, trust and agency, and reserve [OAR 150-294.352 (1) and ORS 280.100].

Gap bonds. Any portion of a local government's property tax levy used to repay qualified taxing district obligations. This portion was exempted from the calculation of the permanent rate limit. When the debt is paid, the permanent rate is adjusted. Qualified obligations include principal and interest on certain bonds or formal, written borrowings of moneys issued before December 5, 1996, and pension and disability plan obligations that commit property taxes to fulfill those obligations.

General fund. A fund used to account for most fiscal activities except for those activities required to be accounted for in another fund [OAR 150-294.352 (1)].

General government category. The category for taxes used to support general government operations other than schools that are not for the purposes of paying exempt bonded indebtedness [ORS 310.150(1)].

Good Faith. The standard for estimating budget resources and requirements. Good faith estimates are reasonable and are reasonably likely to prove accurate, based on the known facts at the time.

Governing body. County court, board of commissioners, city council, school board, board of trustees, board of directors, or other managing board of a local government unit [ORS 294.311(15)].

Grant. A donation or contribution in cash by one governmental unit to another unit which may be made to support a specified purpose or function, or general purpose [ORS 294.311(19)].

Inter-fund loans. Loans made by one fund to another and authorized by resolution or ordinance (ORS 294.460).

Internal service fund. A fund used to account for fiscal activities when goods or services are provided by one department or agency to other departments or agencies on a cost-reimbursement basis (ORS 294.470).

Legal opinion. The opinion as to legality rendered by an authorized official, such as the Oregon attorney general or city attorney.

Levy. (v) To impose a property tax. (n) Ad valorem tax certified by a local government.

Local government. Any city, county, port, school district, education service district, community college, special district, public or quasi-public corporation (including a municipal utility or dock commission) operated by a separate board or commission; a municipality or municipal corporation under ORS

294.311(25).

Local option tax. Voter-approved taxing authority in addition to the taxes generated by the permanent tax rate. Local option taxes can be for general operations, a specific purpose, or capital projects. It is limited to five years unless it is for a capital project, then it is limited to the useful life of the project or 10 years, whichever is less [Art. XI, section 11(4) OR Const.].

Maximum assessed value (MAV). A constitutional limitation on the taxable value of real or personal property. It can increase a maximum of 3% each year. The 3% limit may be exceeded if there are qualifying improvements made to the property, such as a major addition or new construction.

Maximum authority. The limitation on the amount of revenue an existing urban renewal plan may raise from the property tax system [ORS 457.435(3)]. The assessor calculated this amount for the 1997-98 tax year for each existing plan based on the taxes each urban renewal plan area would have been entitled to prior to Measure 50. This amount is adjusted each year based on the growth of excess value in the plan area.

Maximum indebtedness. The amount of the principal of the indebtedness necessary to complete an urban renewal plan. This does not include indebtedness incurred to refund or refinance existing indebtedness [ORS 457.010(10)]. It is specified in dollars and cents and based on good faith estimates of the scope and costs of the anticipated project or projects. All existing plans are required to have an ordinance which establishes a maximum indebtedness.

Measure 5. A constitutional amendment (Art. XI, section 11b OR Const.) passed in 1990 that limits the amount of operating tax which can be imposed on a property to \$5 per \$1,000 of real market value for education and \$10 per 1,000 for general government.

Measure 50. A constitutional amendment (Art. XI, section 11 OR Const.) passed in 1997 that limits the growth in a property's assessed value to 3% per year. It also limits a local government's taxing authority by creating permanent rate limits.

Municipal Corporation. See "Local government."

Municipality. See "Local government."

Net working capital. The sum of the cash balance, accounts receivable expected to be realized during the ensuing year, inventories, supplies, prepaid expenses less current liabilities and, if encumbrance method of accounting is used, reserve for encumbrances [ORS 294.311(26)].

Object classification. A grouping of expenditures, such as personnel services, materials and services, capital outlay, debt services, and other types of requirements [ORS 294.311(28)].

Operating rate. The rate determined by dividing the local government's operating tax amount by the estimated assessed value of the local government. This rate is needed when a local government wants to impose less tax than its permanent rate will raise.

Option, urban renewal. Financing arrangement chosen by existing urban renewal plans. Cannot be changed. The options are as follows:

Option 1 [ORS 457.435(2) (a)], allows the plan to collect division of tax as computed under ORS 457.440. If the amount collected from the division of tax is insufficient, a special levy may be imposed against all taxable property of the municipality that activated the urban renewal agency. Option 1 plans are “reduced rate” (do not divide local option or bond levies approved by voters after October, 2001).

Option 2 [ORS 457.435(2) (b)]. The Cascade Locks Plan in Hood River County was the only Option 2 Urban Renewal Plan and that plan has been completed. May impose a special levy, but does not collect division of tax.

Option 3 [ORS 457.435(2) (c)], provides that Option 3 plans can obtain funds from both the division of tax and a special levy. Like Option 1, the agency may limit the amount to be received from the special levy, but unlike Option 1 the agency limited the amount of funds received from the division of tax when the Option was chosen. Option 3 plans are “standard rate” (divide all tax levies).

Other “standard rate” plan was adopted between December 1996 and October 2001. Receives division of tax, but no special levy.

Other “reduced rate” plan was adopted after October 2001, or was an Option 1 or 2 plan that was substantially amended. Receives division of tax only.

Ordinance. A formal legislative enactment by the governing board of a municipality.

Organizational unit. Any administrative subdivision of the local government, especially one charged with carrying on one or more specific functions (such as a department, office, or division) [ORS 294.311 (30)].

Personnel services expenses. Expenses related to the compensation of salaried employees, such as health and accident insurance premiums, Social Security and retirement contributions, civil service assessments.

Permanent rate limit. The maximum rate of ad valorem property taxes a local government can impose. Taxes generated from the permanent rate limit can be used for any purpose. No action of the local government or its voters can change a permanent rate limit.

Principal act. The Oregon Revised Statutes which describe how a certain type of municipal corporation is formed and selects its governing body, the powers it may exercise, and the types of taxing authority its voters may authorize.

Prior years’ tax levies. Taxes levied for fiscal years preceding the current one.

Program. A group of related activities to accomplish a major service or function for which the local government is responsible [ORS 294.311 (32)].

Program budget. A budget based on the programs of the local government.

Property taxes. Ad valorem tax certified to the county assessor by a local government unit.

Proposed budget. Financial plan prepared by the budget officer. All funds must balance. It is submitted to the public and the budget committee for review.

Publication. Public notice given by publication in a newspaper of general circulation within the boundaries of the local government; mailing through the U.S. Postal Service by first class mail to each street address within the boundaries of the local government; and hand delivery to each street address within the boundaries of the local government [ORS 294.311 (34)].

Real Market Value (RMV). The amount in cash which could reasonably be expected by an informed seller from an informed buyer in an arm's-length transaction as of the assessment date. For most properties, the value used to test the constitutional limits [ORS 308.205].

Reserve fund. Established to accumulate money from year to year for a specific purpose, such as purchase of new equipment [ORS 294.525].

Resolution. A formal order of a governing body; lower legal status than an ordinance.

Resource. Estimated beginning funds on hand plus anticipated receipts [ORS 294.361].

SAL Report. Summary of Assessments and Levies [ORS 309.330].

Special levy. A special levy is an ad valorem tax, imposed for an urban renewal plan on the entire municipality that adopted the plan. It is not a result of a division of tax.

Special revenue fund. A fund used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) legally restricted to expenditure for specific purposes [OAR 150-294.352 (1)].

Special payment. A budget expenditure category for pass-through payments, grants made to other organizations and other one-time or unusual expenditures which do not fall into the other categories of personnel services, materials and services, capital outlay, etc.

Supplemental budget. A financial plan adopted during a budget period to meet unexpected needs or to appropriate revenues not anticipated when the regular budget was adopted. It cannot be used to authorize a tax [ORS 294.480].

Tax increment financing. A financial mechanism for urban renewal plans which captures the tax from the growth in property value within a designated geographical area by dividing the taxes of local governments.

Tax on property. Any tax, fee, charge, or assessment imposed by any government unit upon property or upon a property owner as a direct consequence of ownership of that property [ORS 310.140(1)].

Tax rate. The amount of tax stated in terms of a unit of tax for each \$1,000 of assessed value of taxable

property.

Tax roll. The official listing of the amount of taxes imposed against each taxable property.

Tax year. The fiscal year from July 1 through June 30.

Trust fund. A fund used to account for fiscal activities of assets held in trust by a local government.

Unappropriated ending fund balance. Amount set aside in the budget to be carried over to the next year's budget. It provides the local government with cash until tax money or other revenues are received later in the year. This amount cannot be transferred by resolution or used through a supplemental budget, unless necessitated by a qualifying emergency [ORS 294.371, ORS 294.455].
