Clackamas County
Predesign, Revised with DEQ Comments for Wastewater Treatment Plant Upgrades

Dear Mr. Peters:

The Oregon Department of Environmental Quality (DEQ) has reviewed the predesign report report for the above project. Dyer Partnership Engineers and Planners submitted the final Predesign Report and the Plans for the City of Molalla (City). The report was received April 4, 2022. Comments made have been incorporated.

PROJECT DESCRIPTION

- New wastewater treatment process consisting of:
 - Grit removal;
 - Influent equalization;
 - Sequencing Batch Reactor wastewater treatment;
 - Aerobic biosolids digestion, sludge drying and building;
 - Effluent filter system;
 - UV Disinfection;
 - Non-potable water system;
 - Control building;
 - Accompanying electrical, instruments, and controls.
- Rebuilt or repurposed wastewater treatment plant units;
 - Transfer pump station;
 - Effluent storage lagoons.

ADDITIONAL COMMENTS:

Page 2-7: The UV Disinfection System is to have dose metering in real time, enabling operator knowledge and some control.

PLAN REVIEW FEE:

The City will be invoiced for \$12,427 for a New Sewage Treatment Facility.

INQUIRIES:

Please contact me at (971) 227-1765 or at Mike.Pinney@deq.oregon.gov for additional information.

Respectfully,

Michael Pinney PE
Senior Environmental Engineer
